REVENUE DEPARTMENT.

REGULATIONS FOR THE APPOINTMENT OF PROBATIONERS TO THE INDIAN FOREST SERVICE, 1909.

NOTIFICATIONS.

No. 4For.—The 2nd January 1909.—The following orders of the Government of India, regarding the appointment of probationers to the Indian Forrest Service are published for general information.

Circular by the Government of India, Department of Revenue and Agriculture, No. $\frac{26}{35A-5}$ F., dated the 22nd December 1908.

1. *Appointments*—The Secretary of State for India in Council will, in the summer of 1909, make *not less than twelve appointments* of Probationers for the Indian Forest Service, provided that so many candidates are considered to be in all respects qualified.

In making these appointments, he will act with the advice of a Selection Committee.

2. *Applications for Appointment.*—Applications for appointment must be made on a printed form to be obtained from the Secretary, Judicial and Public Department, India Office, Whitehall, London, S.W., and to be returned to him not later than *Thursday, the 1st July 1909.* Candidates must be prepared to present themselves for an interview with the Selection Committee within three weeks from that date.

3. *Age limit.*—Candidates must be under the age of 23 years on the 1st July 1909.

4. *Nationality, etc.*—Every candidate must be a natural-born British subject. He must be unmarried, and if he marries before he reaches India he will forfeit his appointment. He must be of good physique, and must produce satisfactory evidence of character

5. *Qualifications*—Candidates must bring evidence, for the consideration of the Selection Committee, to show that they have passed with honours in a public examination for a degree in some branch of Natural Science, held by a University in great Britain or Ireland, and that they possess a knowledge of Mathematics up to and including Plane Trigonometry. Special consideration will be given to candidates who possess a Diploma in Forestry granted by a British University.

6. In case the number of duly qualified candidates, who have taken such a degree or diploma, is not sufficient to fill the number of appointments, the Secretary of State for India in Council will nominate candidates who bring evidence to show that they have received a good general education, and that they have a good knowledge of Chemistry and Mechanics and Physics as indicated in the appended Syllabus (Appendix I). A good general education should be understood to include, at the least, a fair knowledge of English Composition, Mathematics up to and including Plane Trigonometry, Latin, and either German or French. A knowledge of Greek is not necessary, but is left to the option of the candidates. The production of school certificates granted by the examining authorities of Universities, or of certificates that a candidate has passed the Matriculation Examination of a University, in the subjects named, or of other certificates held by the Secretary of State in Council to be equivalent, will be taken to show that a candidate satisfies the requirements of this clause. Candidates of this class must not be less than 19 years of age on the 1st of July 1909.

Should there be more candidates considered by the Selection Committee to be qualified in every respect than vacancies to be filled, the Secretary of State reserves the right to require them to pass a competitive examination conducted by the Civil Service Commissioners, on the results of which their final selection would depend.

7. *Medical Examination.*—Those candidates who are selected as Probationers will be required to undergo a strict examination by a Medical Board at the India Office, at which particular stress will be laid on good vision and hearing.

On passing this medical examination candidates will be deemed to be Probationers for the Indian Forest Service.

8. *Period of Probation.*—In the case of Probationers who have passed with Honours in Natural Science, as indicated in paragraph 5, the period of probation will extend over two years. In the case of students who have obtained a Diploma in Forestry the period may be two years or less, as may be specially arranged. The Probationers will be required to undergo a special course of study at Oxford, and to become members of the University, if not so already. During the vacations they will receive, under suitable supervision, practical instruction in such British and Continental forests as may be selected for the purpose. Excursions are also made for purpose of study in term-time.

In the case of Probationers who have not passed with Honours in Natural Science the period of Probation will extend over about three years.

Probationers must obtain the Diploma of Forestry of the University of Oxford; those who have passed with Honours in Natural Science within two years, and the others within three years The case of students who have already obtained at another University such a Diploma will be specially considered.

9. *Charges.*—The Probationers will be required to defray all expenses of lodging, board, tuition, and excursions while at Oxford, and on practical instruction in Britain and on the Continent, with the exception of fees payable to local Forest officers in Britain and on the Continent.

10. *Allowances*.—The Secretary of State for India in Council will pay to each Probationer possessing a degree in Natural Science, or a Diploma in Forestry, the sum of 120*l.* annually or a total of 240*l.* (besides the fees to local officers mentioned above). These payments will be made on following dates in each year:—

	£
On the 1st December	30
On the 1st March	30
On the 1st June	60

In the case of Probationers who have not passed with Honours in Natural Science or obtained a Diploma in Forestry before being appointed probationers, the Secretary of State in Council will give the same total allowance of 240*l.* (in such instalments as may be required to meet the expenses of the practical work), and will defray (as above) the fees payable to local forest officers.

The grant of the allowances is subject to the following conditions:—

(*a*) that the progress of the Probationer in his studies is satisfactory;

(*b*) that the Probationer gives security to refund the payments in case he fails to join the Indian Forest Service at the end of the period of probation.

11. *Conduct*.—Every Probationer will be required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State, and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he will be liable to have his name removed from the list of Probationers.

12. *Appointment and Seniority*.—Probationers who obtain the Diploma of Forestry, and are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service, will be appointed Assistant Conservators in the Indian Forest Department. Their position in the provincial Forest Lists will be determined by the results of the examinations held during their probation; but in making selections for the post of Conservator, officers of the same year are reckoned as equal in seniority.

They will be allowed at the end of the period of probation to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

13. *Riding*.—Every Probationer, before proceeding to India, will be required to satisfy the Secretary of State, in such manner as may be determined, of his ability to ride.

14. *Articles of Agreement*.—Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and must engage his own passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

15. *Salary*.—An Assistant Conservator of Forests will draw pay at the rate of Rs. 380 a month (equivalent to 304*l.* a year, when the rupee is at 1s. 4*d.*) from the date of his reporting his arrival in India.

16. *Promotion, Leave, Pension, and Provident Fund*.—Promotion, leave, and pension will be governed by the Regulations laid down by the Government of India, and applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. A copy of the existing regulation can be seen on application at the India Office.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service, the pay of which has been recently improved, will be found in Appendix II; a summary of information regarding Leave is contained in Appendix III; and regarding Pensions and the Provident Fund in Appendix IV.

INDIA OFFICE,
27th October 1908.

APPENDIX I (*referred to in paragraph 6*).

SYLLABUS OF SPECIAL SUBJECTS FOR CANDIDATES WHO HAVE NOT PASSED WITH HONOURS IN A PUBLIC EXAMINATION IN NATURAL SCIENCE.

I.—CHEMISTRY.

The simpler chemical and physical properties of common substances, such as lime, salt, sugar, water, air.

The preparation (excluding details of technical processes) and properties of the following substances:—

The metals, tin, lead, iron, copper, zinc magnesium, calcium, potassium, sodium; their simpler and more important compounds, especially such as occur naturally, and such compounds and alloys as are used in the Arts.

Hydrogen, oxygen, water, ozone, hydrogen-peroxide.

Nitrogen, ammonia, ammonium salts, nitrous oxide, nitric oxide, nitrogen peroxide, nitrates.

Carbon, carbon dioxide, carbonates, carbon monoxide.

Chlorine, bromine, iodine, chlorides, bromides, iodides, chlorates, hypochlorites.

Sulphur, sulphuretted hydrogen, sulphides, sulphur dioxide, sulphur trioxide, sulphites, sulphates.

Phosphorus, phosphoretted hydrogen, phosphorus trioxide, phosphorus pentoxide, orthophosphates, phosphorous trichloride, phosphorus pentachloride.

Silica.

The principles of chemical change; oxidation and reduction; combustion; flame. Allotropy. Methods of purifying bodies. Methods of determining the composition of air and of water. Laws of chemical combination. Diffusion of gases. The atomic and molecular hypotheses. The simpler methods of determining equivalents. General considerations used in determining molecular weights and atomic weights. Chemical notation.

Alcohol, ethane, and the simpler ethylic compounds, considered in detail as typical bodies. Methylic alcohol and methane, and benzylic alcohol and toluene, considered briefly as analogues of alcohol and ethane. Characters of primary normal alcohols in general, and of their corresponding hydrocarbons.

Acetic acid, aldehyd and the simpler acetic compounds, considered in detail as typical bodies. Benzoic acid and benz-aldehyd, and formic acid and form-aldehyd, considered briefly as analogues of acetic acid and aldehyd. Characters of normal mon-acids in general and of their corresponding aldehyds.

Oxalic acid and the simpler oxalic compounds. Characters of normal di-acids in general.

Processes (i) for the detection of carbon, hydrogen, nitrogen, sulphur in organic compounds; (ii) for the estimation of carbon, hydrogen, nitrogen in organic compounds; (iii) for the production and analysis of the silver-salts of organic acids and the platinum-salts of organic bases; (iv) for the determination of vapour densities by the V. Meyer method.

The determination of the formula of an organic compound.

PRACTICAL WORK.

The Practical Work should include:—

Simple experiments and preparations illustrating the properties of the inorganic substances named above.

Simple quantitative experiments, such as, the determination of the loss of weight on heating a body, the determination of the volume of gas evolved on the solution of zinc in acid. The volumetric estimation of acids and alkalies.

The qualitative analysis of simple salts containing not more than one of the following metals, and one of the following acid radicals:—Sodium, potassium, ammonium, calcium, magnesium, zinc, copper, iron, lead, tin, oxide, carbonate, chloride, sulphate, nitrate, sulphide.

II.—MECHANICS AND PHYSICS.

Mechanics.

The principles of the lever, the inclined plane, the composition of forces, and virtual work, their experimental investigation and application to machines and other simple cases of equilibrium, Centre of gravity, couple, torque, velocity ratio, mechanical advantage, efficiency. Application to liquids and gases. Density. Boyle's law. Pump, siphon, barometer, manometer. Body moving in a straight line so that its velocity changes proportionally with the time. Body moving uniformly in a circle. Motion of pendulum-bob. Momentum, force, impulse of a force, energy, conservation of energy.

Heat.

Simple thermometry. Simple methods of determining latent heats; specific heats; expansion of gases, liquids and solids; vapour pressures. Change of state. Simple experiments on conduction, convection and radiation. Mechanical equivalent of heat.

Sound.

Direct determination of the velocity of sound in air and in water; the effect of change of temperature on the velocity of sound in air; mode of propagation of sound in air. Simple methods of determining the pitch of a note. Characteristics of musical sounds.

Light.

Laws of reflection and refraction. Simple methods of determining refractive indices, and the focal lengths of mirrors and lenses. The simplest form of the compound microscope and of the astronomical telescope. Dispersion, the spectroscope, spectra of different kinds. Simple photometry. Elementary notions of the determination of the velocity of light.

Electricity and Magnetism.

Properties of electrified bodies. Methods of electrification. Electric induction. The gold leaf electroscope. Elementary quantitative notions of electrical quantity, capacity, potential, and specific inductive capacity. Condensers. Properties of magnets Methods of magnetization. Magnetic induction Simple methods of determining the declination and dip at a place and of comparing magnetic fields and moments. The construction of the batteries of Volta, Daniell, and Leclanché, and their theory. The secondary battery. The physical and chemical action due to a current. Simple galvanometers, ammeters, and voltmeters. Measurement of current strength, electromotive force and resistance. The production of currents by electromagnetic induction. The broad principles of the induction-coil and dynamo.

PRACTICAL WORK.

Simple experiments illustrating the principles stated above.

APPENDIX II.

LIST OF APPOINTMENTS IN THE UPPER CONTROLLING STAFF OF THE INDIAN FOREST SERVICE.

NOTE.—*This list shows only the existing number of sanctioned appointments, which is liable to alteration at any time. Forty-three of the appointments shown below in the various grades of Deputy and Assistant Conservators are being gradually transferred to the Provincial Forest Services, which are recruited in India. The rest of the appointments named are held by members of the Imperial Forest Service, which is recruited under these regulations.*

Number according to existing sanctioned scale.	Appointment.	Salary.
		Rs.
1	Inspector-General of Forests	2,650 a month.
2	Chief Conservators (Burma and Central Provinces).	2,150 „
19	Conservators, in three grades ...	1,900 „ / 1,700 „ / 1,500 „ respectively.
136	Deputy Conservators	Rupees 380 a month, rising by annual increments of Rs. 40 a month to Rs. 700 a month; thereafter, by annual increments of Rs 50 a month to Rs 1,250 a month, in the twentieth year of service.
72	Assistant Conservators	
9	Foreign Service appointments (four temporary).	
†5	Officers employed at the Forest Research Institute and College, Dehra Dun.	

* These 227 appointments are assigned to the various provinces as follows :—Burma, 71 ; Madras, 39 ; Bombay, 31 ; Central Provinces, 25 ; Bengal 18 ; United Provinces, 19 ; Punjab, 14 ; and Eastern Bengal and Assam, 10.

† These draw an allowance of Rs. 150 month in addition to their salary.

NOTE.—Under the improved scale of salary shown above, no Exchange Compensation Allowance is granted.

APPENDIX III.

(*See paragraph 16 of the Regulations.*)

LEAVE.

1. The following is a summary of the principal regulations relating to the leave admissible to officers appointed to the Indian Forest Service by the Secretary of State from the United Kingdom.

Long Leave.

2. Furlough is admissible to an aggregate amount of six years during the service. The amount "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

3. Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after three years' continuous service. It is limited to two years at a time.

4. Furlough on medical certificate may be granted (*a*) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to

three years; and (*b*) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but not exceeding two years in all), as the officer may have furlough "due" to him.

5 The allowances admissible during furlough are:—

(1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due"—half average salary, subject to certain maximum and minimum limits.

(2) After the expiration of the period for which the foregoing allowances are admissible—one quarter of average salary, subject to certain maximum and minimum limits.

Short Leave.

6. Privilege leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months, earned by 33 months' service. During privilege leave, the officer retains a lien on his appointment, and receives the salary which he would have received if on duty. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave may not be granted for a period of less duration than six months, nor, except on medical certificate, may it be extended beyond two years.

7. Special leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments. This leave is included in the aggregate of six years' furlough admissible.

8. Extraordinary leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

9. Subsidiary leave in India for a minimum of 10, days, usually with half average salary, is granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end not at the beginning of combined leave.

10. Short leave is also granted to enable officers to appear at examinations, &c.

General Rules.

11. Leave of absence, whether on furlough or on privilege leave, can never be claimed as of right, and is given or refused at the discretion of Government.

12 After five years' continuous absence from duty, an officer is considered to be out of the employment of Government.

13. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of 1*s.* 6*d.* to the rupee. Privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1*s.* 4*d.* to the rupee.

APPENDIX IV.

(*See paragraph 16 of the Regulations.*)

PENSIONS AND PROVIDENT FUND.

The following is a summary of the principal pension rules applicable to officers of the Indian Forest Service appointed by the Secretary of State from the United Kingdom.

An officer of the Indian Forest Service is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health, not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows:—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts:—

Years of completed service.	Maximum limit of pension.	
	Rs.	Rs.
10	1,000 a year or	83⅓ a month.
11	1,100 „	116⅔ „
12	1,800 „	150 „
13	2,200 „	183⅓ „
14	2,600 „	216⅔ „
15 | 16 | 17 > 18 | 19 /	3,000 „	250 „

After a service of not less than 20 years, a retiring pension not exceeding the following amounts:—

Years of completed service.	Scale of pension. Sixtieths of average emoluments.	Maximum limit of pension.	
		Rs.	Rs
20 to 24	30	4,000 a year or	333⅓ a month.
25 and above		5,000 „	416⅔ „

Officers who have shown special energy and efficiency during an effective service of three years as Inspector-General of Forests or Conservator (First Grade) may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year.

Subject to certain prescribed conditions, rupee pensions are now issued to pensioners residing in countries where the Indian rupee is not legal tender at the rate of exchange of 1*s.* 9*d.* the rupee.

2. A Provident Fund has also been established on the following basis:—

(*a*) The contribution is compulsory up to 5 per cent. on salaries, with voluntary contributions of a further 5 per cent.; while on leave, an officer may subscribe any sum he pleases, subject to a minimum of 5 per cent. on his leave allowances and maximum of 10 per cent. on his salary.

(*b*) Compound interest on such payments is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.

(*c*) Receipts and payments are made in rupees only.

(*d*) The sum which will thus accumulate to the credit of an officer to be his absolute property, to be handed over to him unconditionally on quitting the service; or, in the event of his death before retirement, to his legal representatives.

No. 26For.—The 5th January 1909.—Mr. H. S. Gibson, who has been appointed by His Majesty's Secretary of State to the Forest Department in Bengal as an Assistant Conservator, is posted to the Sundarbans Forest Division as an attached officer.

Khulna.

No. 27.—The 5th January 1909.—Consequent on the return to duty of Mr. A. H. Mee, Extra Assistant Conservator of Forests, on the forenoon of the 7th December 1908, Babu Priya Nath Sarkar, Officiating Extra Assistant Conservator of Forests, is reverted to his substantive grade of Forest Ranger, first grade, substantive *pro tempore*, from the same date.

GENERAL DEPARTMENT.

NOTIFICATION.

STATE TECHNICAL SCHOLARSHIPS FOR NATIVES OF INDIA.

No. 8783.—The 29th December 1908.—In the year 1903 His Majesty's Secretary of State for India sanctioned as a provisional measure the institution of a certain number of scholarships, tenable by natives of India, in Europe or America. The purpose of these scholarships was to provide for natives of India that higher technical education which might qualify them to assist in promoting existing native industries and developing new industries, wherever this might be possible. Technical education for this purpose was defined as (*a*) the study of the scientific methods and principles underlying the practice of any handicraft, industry or profession, and (*b*) the application of these methods and principles to the handicraft, industry or profession in question. Law, medicine, forestry and veterinary science

being already provided for, were not included among the subjects to be studied by the holders of the technical scholarships, and agriculture was excluded from the scope of the scheme.

2. The Government of India have decided to award, during the year 1909, one scholarship to each province, provided that the Local Government or Administration concerned has a suitable candidate to nominate, and that its recommendation is submitted in accordance with the principles which are stated in paragraph 5 below, and that the industry to be studied is either already developed or in the process of development.

3. It may, however, happen that, owing to the dearth of eligible candidates in certain provinces, two or more scholarships may on occasion be available for allotment to other provinces. If, therefore, a Local Government is in a position to recommend confidently more than one candidate, such recommendation may be submitted to the Government of India. In such cases the candidates need not necessarily be selected for the same industry.

4. As regards the current year, it has been decided, after consultation with representatives of the mercantile and industrial communities, that one candidate will, if possible, be recommended for a scholarship in connexion with Mechanical Engineering. In the event of this Government recommending to the Government of India more than one candidate, the recommendations will be made for Mechanical Engineering alone, or for Mechanical Engineering and Textile Chemistry. The selection will depend largely on the character of the applications received.

5. The principles in accordance with which recommendations for scholarships will be submitted to the Government of India are as follow:—

(*a*) In making selections Government will bear in mind the fact that it will be necessary for the students to have a competent knowledge of English, or of the language of any other country to which they may be sent.

(*b*) Government will also be guided by considerations of the capacity and intelligence of applicants, and of the practical interest shown by them in the industries selected, as also the assurance which they may afford that they will continue to devote themselves to the industries selected on their return in India. These being matters which cannot be decided by competition, it is to be understood that the scholarships are not to be regarded as prizes, for which every one has a right to claim an equal opportunity of competing.

(*c*) As a general rule, a scholar, before being nominated, should have received the best technical education available in the province in the particular industry which he proposes to study. The standard of this education differs in different industries, and each may be considered on its own merits. Even if the standard of technical education in a particular industry is low, the scholar may be nominated, if he has availed himself of the best facilities obtainable, and shown an interest in the industry selected.

(*d*) No age limit is fixed for scholars, but an age limit may, at the discretion of Government, be fixed for any particular scholarship for which it invites applications.

6. The following are the conditions and terms on which the scholarships are tenable:—

(*a*) The value of the scholarships has been fixed at £150 a year, exclusive of fees payable to the institutions, where the scholars will study, and travelling expenses; but in special cases Government will consider proposals for increasing the amount of the scholarships.

(*b*) In ordinary circumstances the period for which a scholarship is tenable will be two years, but in special cases it may be increased to a third year, or, on the other hand, it may be reduced below even two years.

(*c*) The scholarships are tenable in foreign countries as well as in Great Britain, and are payable from the date on which a scholar reports his arrival in the country which he may have selected for the purpose of study.

(*d*) The scholarships are tenable by persons who are natives of India within the meaning of section 6, Statutes 33 and 34 Vic., Cap. 3.

(*e*) The scholars, while in England or elsewhere, will be under the supervision and control of the Secretary of State. The conditions under which they will hold the scholarships are given in the "Rules for Indian Government Technical Scholars in England," a copy of which is attached to this notification.

7. It is essential, not only in the interests of the scholars themselves, but also in order to avoid unnecessary extensions of scholarships, that the beginning of the period of the scholar's residence in England should coincide with the opening of the academical session of the institution which they propose to enter. It has accordingly been arranged, in consultation with the Secretary of State, that scholars shall report themselves in England not later than the middle of September. It has also been ascertained that it is of no advantage to them to reach England earlier than this, and that consequently they should not ordinarily leave India before the middle of August.

8. Government does not guarantee to provide scholars with employment on their return to India.

9. All applications for scholarships to be awarded during the year 1909 must reach the Director of Public Instruction on or before the 15th February 1909.

10. Applicants for scholarships must file certificates as to (1) moral character and antecedents, (2) educational qualifications, (3) knowledge of the language of the country in which the scholarship is to be held, and (4) physical fitness. Candidates must name the country to which they propose to proceed, and the course of studies which they propose to take up while in receipt of scholarships. They should also state whether they have had any actual experience of the industry or industries for which the scholarships are offered.

11. If more than one duly qualified candidate is available, endeavour will be made to reserve one nomination for a Hindi-speaking candidate. If, however, no such candidate is forthcoming, some other qualified candidate who may apply will be recommended.

RULES FOR INDIAN GOVERNMENT TECHNICAL SCHOLARS IN ENGLAND.

1. Every scholar shall, on reaching England, at once present himself to the Secretary, Judicial and Public Department, at the India Office, and report his arrival in writing.

2. Every scholar shall, without any unnecessary delay, inform the Secretary of State to which University or College he is about to proceed, and shall at once take steps to enter himself thereat.

3. Every scholar shall, within four weeks of reaching England, submit for the approval of the Secretary of State, a statement showing the general course of study he proposes to follow; and the course approved shall not be changed without the sanction of the Secretary of State.

4. Every scholar shall, at the end of each term of residence at a University or College, submit to the Secretary of State a certificate from the proper University or College authority showing that his residence, conduct, and progress in study have been satisfactory during the term.

5. Every scholar shall at all times obey such instructions as he may receive from the Secretary of State.

6. Subject to a due compliance with the above conditions, the allowance, at the rate of £150 a year, for two years, or three years, if so determined, will be paid quarterly, in advance by the India Office, commencing from the date of the scholar's reporting his arrival in England; but this allowance shall be reduced by the amount of any other sum which may become payable to him out of the revenues of India in respect of residence at a University or College during the same period or any part of it, but not in respect of University or College fees, the cost of which will be separately defrayed by the Secretary of State.

The necessary travelling expenses of scholars, by second class, or by third class if no second class be available, will also be separately defrayed by the Secretary of State; these should be claimed on forms obtainable from the Accountant-General, India Office, S. W.

Charges for hotel bills are not defrayed.

7. Every scholar will forfeit his scholarship, who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required term of residence in England according to the terms and conditions approved by the Secretary of State under Rule 3, or who is guilty of misconduct or disregard of the orders of the Secretary of State. If a scholarship be forfeited, the scholar will lose his claim to a free return passage to India, and will further become liable to refund the cost of his free passage to England.

8. The scholars will be under the special supervision and charge of the Political Aide-de-Camp to the Secretary of State, through whom the necessary orders will be given and to whom all reports and other communications respecting them should be sent.

T. W. RICHARDSON,
Secretary to the Govt. of Bengal.

The Second Schedule above referred to.

1. The endowment hereby created (hereinafter called the said endowment) shall be called the "Badshah Nawab Endowment for Female Education in Bihar."

2. The trustee to be appointed under section 5 (1) of the Charitable Endowments Act VI, 1890, to administer the property for the time being representing the said endowment shall be the Commissioner for the time being of the Patna Division or other the officer for the time being exercising the functions of such office (hereinafter referred to as "the said Commissioner").

3. The Treasurer of Charitable Endowments for the territories subject to the Government of Bengal (hereinafter referred to as "the said Treasurer") shall stand possessed of the properties of which the particulars are contained in the first schedule above written and any other property for the time being representing or forming part of the said endowment, other than securities for money (all of which said properties are hereinafter included in the expression "the said properties") upon trust (subject to any special order which he may receive from the Government of Bengal) to permit the said Commissioner to have the possession, management and control of the said properties and the application of the income thereof, as if the said properties had been vested in the said Commissioner. Should the said properties or any of them or any part thereof be sold or otherwise disposed of in accordance with the said Charitable Endowments Act, the said Treasurer shall pay the net income of any property that may be invested in securities for money in accordance with the said Act to the said Commissioner by whom the same shall be applied towards the same objects as are hereinafter specified in the case of the net income from the said properties. Provided always and it is hereby declared that the arrear rents vested in the said Treasurer by the above notification shall if and when recovered be treated as income arising from the immoveable properties specified in the preceding schedule and be applied by the said Commissioner in the manner and towards the objects hereinafter specified in respect of the income of the said properties and provided also that neither the said Treasurer or the said Commissioner shall be bound to take or continue any proceedings for the recovery of such arrear rents or any part thereof in the event of the said Commissioner being for any reason of opinion that it would not be for the benefit of the endowment to institute or continue proceedings for the recovery thereof.

4. The said Commissioner shall have full power to let the said properties, or any part thereof, from time to time, for such period, and on such terms and conditions, and to make any allowance to, or arrangements with, tenants, as he shall think fit, with liberty to accept surrenders of tenancies, and generally to do all acts and things necessary in connection with the management and development of the said properties as he in his discretion shall deem advisable and as if he were the absolute owner thereof, without being responsible for any loss or damage that may happen thereby, and, subject to any orders or rules of Government, with power to delegate either expressly or by implication, during such period or periods and upon such terms as he shall think fit, the exercise of all or any of the powers herein contained to any District Collector, Subdivisional Officer, Deputy Collector, or other officers in the service of Government, without being responsible for any loss occasioned thereby. The several powers hereinbefore contained may be exercised either in relation to any undivided shares of and in the said properties solely or in conjunction with the person or persons entitled to or having power in that behalf over the other undivided parts or shares of and in the said properties or in relation to the entirety of the said properties and so that in the latter case any rents, expenses, outgoings or other moneys may be apportioned in such manner as the said Commissioner shall think fit.

5. The said Commissioner shall out of the rents, income and profits of the said properties pay, or cause to be paid, all costs and expenses of and incidental to the collection of the same and the management of the said properties, the Government revenue, cesses, taxes and other outgoings payable in respect of the said properties, and any other costs and expenses duly incurred by him or the said treasurer in carrying out the trusts hereby declared, and any fees for the time being payable to Government under section 13 (*b*) of the Charitable Endowments Act, and shall apply the residue of such rents, income and profits as hereinafter mentioned.

6. The said Commissioner shall apply the said residue of the rents, income and profits of the said properties towards the advancement of female education in Bihar in manner hereinafter mentioned, or in such other way as the Local Government having territorial jurisdiction over Bihar (hereinafter called the "Local Government") shall in its discretion from time to time direct, subject to the condition that the name of the said Nawab Syed Muhammud Mahdi Hasun Khan, *alias* Syed Badshah Nawab, shall be sufficiently identified with such scheme as may from time to time be selected by the Local Government, and provided that no Christian Missionary shall at any time be permitted to be in any way concerned with any institution that may at any time be deriving any benefit under this endowment.

7. The said Commissioner shall, until the Local Government shall otherwise direct, apply the said residue of the rents, income and profits of the said properties in or towards meeting the expense of establishing, maintaining and carrying on a training college for women teachers to be named the "Badshah Nawab Training College for Women Teachers," and intended to be established at or in the neighbourhood of Bankipore and of any *practising* school or schools that may from time to time be attached to such training college, and in particular in establishing and maintaining scholarship of the total value of Rs. 50 per mensem to be awarded to Shiah female students attending the said training college and the said practising school or schools attached thereto, provided that should there at any time be any such practising school or schools as aforesaid, out of the said sum of Rs. 50 per mensem Rs. 30 per mensem shall be allotted to scholarships for Shiah female students at the said training college and Rs. 20 per mensem shall be allotted to scholarships for Shiah female students at the said practising school or schools.

8. The scholarships, respectively, shall (subject to what is hereinbefore contained) be awarded for such amounts at such intervals and as the result of such examinations and in such manner and shall be held and enjoyed for such period and upon and subject to such terms and conditions as shall from time to time be prescribed by regulations approved by the said Commissioner and made by a committee to be nominated by the said Commissioner for the purpose or in default of such regulations, then as the said Commissioner shall determine and any committee from time to time nominated as aforesaid may at any time, with the approval of the said Commissioner, revoke or alter any regulations made under this clause and with such approval as aforesaid make new regulations in place thereof.

9. Should the said monthly sum of Rs. 50 or any part thereof, at any time or times not be required for the purpose of the said scholarships, or any of them, for want of eligible students or any other reason, the same or the unrequired portion, as the case may be, shall be applied towards the cost of maintaining and carrying on the said training college, $\frac{\text{and}}{\text{or}}$ the said practising school or schools or for the purposes of any other scheme for the advancement of female education in Bihar that may at any time be substituted by the Local Government for the one hereinbefore specified.

10. Should the Local Government at any time direct that the net income of the said endowment shall be devoted to some institution for the advancement of female education in Bengal other than the Training College aforesaid, scholarship for Shiah female students attending such institution shall be maintained out of the said income to the extent and in the manner and according to the provisions hereinbefore specified or as near thereto as circumstances shall permit.

11. The said Commissioner shall be at liberty, if he so thinks fit, to take all such steps as may be necessary to have his name substituted in the place of that of the said Nawab Syed Badshah Nawab in the Mutation Register and other records of any Collectorate in which the properties specified in the preceding schedule, or any part thereof, are or is situated.

12. The said Commissioner shall in books to be kept by him regularly enter, or cause to be entered, full and true accounts of all moneys received and paid by him as such trustee and shall submit, to such public servant, in such form and at such times as the Local Government may from time to time appoint and prescribe, an abstract of such accounts, and such returns in regard to any matters connected with the administration of the trust as the Local Government may require.

CIVIL DIVISION OF THE INDIAN ORDER OF MERIT.

NOTIFICATION.

Calcutta, the 1st January 1909.

No. 2.—The Governor-General in Council is pleased to sanction the admission to the third class of the Civil Division of the Indian Order of Merit of the Honourable the Maharaja Dhiraj Bijay Chand Mahtab Bahadur of Burdwan for conspicuous courage displayed by him at the Overtoun Hall on the 7th November 1908, in connexion with the attempt upon the life of Sir Andrew Fraser, the Lieutenant-Governor of Bengal. On Sir Andrew Fraser's entering the Hall a young Bengali stepped towards him and presenting a revolver at him, pulled the trigger, but the weapon fortunately missed fire. The Maharaja Dhiraj of Burdwan at once flung himself between Sir Andrew Fraser and the would-be murderer. The latter was seized by Mr. B. R. Barber, the General Secretary of the Young Men's Christian Association in Calcutta, but succeeded in again directing the revolver towards the Lieutenant-Governor and a second time fired the weapon without result. If it had not missed fire, the bullet would in all probability have struck the Maharaja who had courageously interposed himself between Sir Andrew Fraser and his assailant and was effectually shielding him from danger.

Monghyr Collectorate, the 1st December 1908. H. F. SAMMAN, Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situated in the district of Jessore, subdivision Magura, will be put up to sale at the Magura Subdivisional Office on the 5th March 1909, corresponding with 21st Falgoon 1315 B.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights confered by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

LEGISLATIVE DEPT.;
BOOK DEPÔT BRANCH,
The 28th December, 1908.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

WEDNESDAY, JANUARY 6, 1909.

NOTICES TO MARINERS.

THE following Notices are published for general information.

T. BUTLER,
Secy. to the Govt. of Bengal.

CALCUTTA, *the 2nd January 1909.*

AUSTRALIA—SOUTH COAST.

Caution—Cape Jaffa—Light-house under repair.

No. 1 (first publication).—The President of the Marine Board, Port Adelaide, has given notice (No. 25 of 1908) that for a period of about three (3) months, commencing on or about the 1st December 1908, the Cape Jaffa Lighthouse will be under repair, and that during that period the Light may be somewhat irregular, both in range of visibility and revolution, and in other respects. Masters of vessels and others are hereby warned.

This affects Admiralty Chart No. 1014.

AUSTRALIA, SOUTH—KANGAROO ISLAND, SOUTH-WEST COAST.

Cape de Couedic—Temporary light exhibited in course of erection of a lighthouse.

No. 2 (first publication).—The President of the Marine Board, Port Adelaide, has given notices (Nos. 26 and 27 of 1908) that a Lighthouse is in course of erection at Cape de Couedic, on the South-west coast of Kangaroo island.

The Light, which will be of the first order, revolving, double flash, is to be shown from a masonry tower 58 feet high, and will be visible about twenty-six miles, and is expected to be first exhibited about April 1909. Pending the completion of the above, a temporary fixed White Light is being exhibited. This is an ordinary Masthead Light, visible fifteen miles to seaward from east half north around to north-west half west approximately. This light will be continued until the first-order light is exhibited.

This affects Admiralty Chart No. 2389a.

AUSTRALIA, SOUTH—Kangaroo island, Backstairs passage.

Cape St. Alban—Light exhibited.

No. 3 (first publication).—With reference to Notice to Mariners No. 442, dated 6th November 1908, issued by this office, the President of the Marine Board, Port Adelaide, has given further notice (No. 28 of 1908) that a fixed White Light of the fourth order, showing White between the bearings of E.S.E. and West by South, and Red from West by South to North over the Scraper Shoal, and until obscured by Cape Willoughby, is now shown from a masonry tower painted White, the focal plane being about 120 feet above high water. The light will be visible for a distance of about 17 miles. The abovementioned bearings are correct magnetic and as from seaward. Approximate position—latitude, 35° 48′ 40″ S.; longitude, 138° 7′ 25″ E.

This affects Admiralty Charts Nos. 2389a, 1014 and 25.

AUSTRALIA, SOUTH—Port Adelaide.

Robinson Bridge, McLaren Wharf—Semaphore erected.

No. 4 (first publication).—The President of the Marine Board, Port Adelaide, has given notice (No. 29 of 1908) that a Semaphore has been erected at the northern end of the S. A. Company's No. 3 Shed, McLaren Wharf, and that when vessels are passing out of the Company's Basin, or about to pass out, the Semaphore will appear in a horizontal position.

This affects Admiralty Charts Nos. 1750, 1752 and 2389b.

FIRST FORECAST OF THE SPRING OILSEED CROPS OF BENGAL, 1908-09.

THE following note is published for general information.

F. W. DUKE,
Offg. Chief Secy. to the Govt. of Bengal.

The 4th January 1909.

DEPARTMENT OF AGRICULTURE, BENGAL.

FIRST FORECAST OF THE SPRING OILSEED CROPS OF BENGAL 1908-09.

[On an average of the five years ending 1906-07, the areas under linseed and rape and mustard in the territory to which this forecast relates have represented some 22·5 and 12·7 per cent., respectively, of the total area under these crops in British India].

Explanatory.—Under orders of the Government of India, three forecasts of the Spring oilseed crops are to be issued:—the first forecast on the 20th December, the second on the 1st March and the third on the 15th May.

The first forecast now being issued deals with estimates of the area sown up to date with all kinds of oilseeds excepting *sesamum* for which four separate forecasts will be published.

2. *Area sown.*—Oilseeds of different kinds are grown chiefly in Bihar and in the Presidency and Chota Nagpur Divisions. The total area sown up to now, this year, with them, *til* excepted, is estimated at 1,538,300 acres against 1,403,100 acres estimated as the area last year. The normal area under the crops is returned as 2,170,100 acres. Sowings still continue in Purnea. The full normal area could not be sown owing to the drought that prevailed since the second week of October.

3. *Character of the season and the general condition of the crops*—In September, the rainfall was below the average. In the first week of October, good showers were received all over the Province, but since then there has been little or no rain. Sowings began as early as September, but the absence of rain since October hindered the progress of sowings and also affected the growth of the crops in several districts. The general condition of the crops is, in most districts, still reported to be fair, but rain is yet badly wanted. Prospects are reported to be poor in parts of Burdwan, Nadia, Jessore, Khulna, Patna, Darbhanga and Purnea.

N. N. BANERJEI,

For *Offg. Director of Agriculture,*
Bengal, on tour.

FIRST FORECAST OF THE WHEAT CROP OF BENGAL FOR 1908-09.

THE following note is published for general information.

F. W. DUKE,
Offg. Chief Secy. to the Govt. of Bengal.

The 4th January 1909.

DEPARTMENT OF AGRICULTURE, BENGAL.

FIRST FORECAST OF THE WHEAT CROP OF BENGAL FOR 1908-09.

[On an average of five years ending 1906-07, the area under wheat in the territory, to which this forecast relates, has represented some 4·81 per cent. of the total area under wheat in India.]

The ratio of the irrigated wheat acreage (a) in British India and (b) in the territory now reported on has in the five years ending 1906-07 averaged (a) 38·1 per cent. and (b) 1·8 per cent., respectively.

Explanatory.—This is the first of the three forecasts of the wheat crop which are issued annually under the orders of Government. The present forecast deals with estimates of the areas sown up to now together with the general condition of the crop.

2. *Area sown.*—Wheat is chiefly cultivated in Bihar. The total area sown up to now is estimated at 1,179,800 acres against 1,003,100 acres estimated for the corresponding period last year. The increase in the area sown this year is due to the fact that most of the paddy fields in Bihar that were left fallow owing to drought have been sown with this crop. Sowings are still in progress in Champaran.

3. *Character of the season and the general condition of the crop.*—In September the rainfall was below the average. In the first week of October, showers were received all over the Province but since then the rains ceased. Sowings began early in September but the absence of rain since October hindered the progress of sowings and also affected the growth of the crop in many districts. In Bihar where the crop is most important, the prospects are reported to be fair in Shahabad, Saran, Champaran, Muzaffarpur, Monghyr and on the *diara* lands of Bhagalpur as well as in parts of the Sonthal Parganas. But more rain is urgently wanted. The crop is poor in Darbhanga, Purnea, in parts of Gaya, the Sonthal Parganas as well as in Hazaribagh. It is fairly good in Nadia and in Murshidabad. Insect pests did some damage in Gaya and Monghyr.

N. N. BANERJEI,
For *Offg. Director of Agriculture, Bengal, on tour.*

CALCUTTA,
The 19th December 1908.

First Forecast of the Wheat Crop of 1908-09.

District.	Approximate area under wheat last year (1907-08) in acres.	Estimated area under wheat this year (1908-09) in acres.	Date at which the sowing of the crop was begun this year.	A brief statement regarding the weather and general condition of the crop and whether the date of sowing was this year early, normal or late.	Remarks by the Department of Agriculture, Bengal.
1	2	3	4	5	6
Burdwan	700	1,500	Middle of October to beginning of November.	Sowings were about normal. Weather and rainfall conditions were not favourable. Want of moisture is being felt. The area sown is for this reason below the normal. The condition of the crop is fair except in the Katwa subdivision where it is poor.	
Birbhum	1,000	1,100	Middle of November 1908 ...	Sowings were late owing to the cessation of rain from October. The weather has not been favourable and the condition of the crop up to now is poor.	
Bankura	3,000	.....	.....	.....	The report from Bankura has not yet been received in this office.
Midnapore	1,500	1,000	End of October and first week of November 1908.	Sowings were normal. The weather and rainfall conditions have not been favourable for the growth of the crop for want of rain. The condition of the crop is fair.	
Hooghly	1,700	1,700	First week of November 1908	Sowings were normal. The weather has been unfavourable owing to want of rain and the growth of the crop has been retarded. The general prospects of the crop are fair.	

District.	Approximate area under wheat last year (1907-08) in acres.	Estimated area under wheat this year (1908-09) in acres.	Date of which the sowing of the crop was begun this year.	A brief statement regarding the weather and general condition of the crop and whether the date of sowing was this year early, normal or late.	Remarks by the Department of Agriculture, Bengal.
1	2	3	4	5	6
Nadia	9,800	13,900	Beginning of October ...	Sowings were normal. The weather and rainfall conditions have not been favourable. The condition of the crop is generally fair but poor in some places.	
Murshidabad	16,600	83,800	End of September ...	Sowings were normal. The weather and rainfall conditions have not been favourable but the condition of the crop is fairly good now.	
Jessore	1,800	900	Middle of October ...	Sowings were normal. Rainfall conditions have not been favourable and the condition of the crop is fair.	
Patna	105 700	102,700	From October ...	Sowings were normal. Weather and rainfall conditions have not been generally favourable.	
Gaya	65,400	66,800	Second week of October ...	Sowings were generally normal. The weather and rainfall conditions were not favourable owing to absence of rain in October and November 1908. Insects have been very destructive and the land has had to be resown with *Bunf*. The crops are in fairly good condition.	

Shahabad	82,000	174,300	1st October		Sowings were normal. The weather was on the whole favourable. The *Hathiya* rain though scanty did much good. The condition of the crop is fair. The increase in the area sown as compared with that of last year is due to the *Hathiya* rains.
Saran	57,100	67,900	15th September		Sowings were early. The condition of the crop is good. The weather and rainfall conditions are reported to be favourable for the growth of the crop in the Siwan Subdivision but rain is wanted in the Gopalganj and Sadar subdivisions. Owing to the failure of the rice crop, the area under the crop has been increased.
Champaran	88,300	78,800	15th October		Sowings were normal and are going on still. The condition of the crop up to date is fair but more rain is yet wanted.
Muzaffarpur	65,600	70,000	1st week of October		The date of sowing was normal. The rainfall was scanty and badly distributed. Germination in uplands was defective owing to want of sufficient moisture and to untimely west winds. The condition of the crop is fair on the whole, but will suffer if rain is not received shortly.
Darbhanga	76,500	115,300	September and October ...		Sowings were early. The weather was unfavourable and the crop has been suffering from continued drought. The condition of the crop is poor. The increase in the area sown this year is due to many paddy fields having been sown with wheat on account of the failure of the paddy crops.
Monghyr	174,300	188,300	1st week of October		Sowings were normal. The weather has been hitherto favourable but rain is badly wanted now. The condition of the crop is fair in some places. Insect pests are damaging the crop in some places.
Bhagalpur...	155,000	260,000	15th October		Sowings were done a little early this year. Deficient rainfall has affected the crops badly in all tracts where there are no means of irrigation. On *diara* lands the crops have not suffered. The condition of the crops is so far fair. The increase in the area sown this year is owing to the failure of the rice crop.

District.	Approximate area under wheat last year (1907-08) in acres.	Estimated area under wheat this year (1908-09) in acres.	Date at which sowing of the crop was begun this year.	A brief statement regarding the weather and general condition of the crop and whether the date of sowing was this year early, normal or late.	Remarks by the Department of Agriculture, Bengal.
1	2	3	4	5	6
Purnea	23,900	21,800	Middle of October	Sowings were early on high lands, and normal on other lands. Owing to the failure of *Aghani* paddy, cultivators have sown wheat on paddy lands. The weather and rainfall conditions have been unfavourable. The condition of the crop is poor owing to drought. Rain is urgently needed.	
Darjeeling	4,200	4,200	15th October	Sowings were normal. The weather and rainfall conditions are not favourable. The condition of the crop is fair at present.	
Sonthal Parganas	10,300	12,900	1st week of October	Sowings of the crop were early in the Pakour subdivision, late in the Godda subdivision and normal elsewhere. The weather and rainfall conditions were fair in the Dumka, Deoghur and Jamtara subdivisions but unfavourable in the Godda, Pakour and Rajmahal subdivisions. The general condition of the crop is fair except in the Pakour and Godda subdivisions where it is poor.	
Cuttack	1,300	1,000	Between 15th October and 1st November.	Sowings were normal this year. The weather has not been favourable. The present condition of the crop is fair. The decrease in the area sown this year, as compared with that of last year, is due to want of rain.	

Balasore	100	100	10th November	Sowings were normal. The decrease in the area sown is due to the early cessation of rain and to want of moisture in the soil. The weather has not been favourable up to date. The condition of the crop is fair at present, but rain is wanted.
Angul	100	100	End of October	Sowings were late this year. The weather and rainfall conditions were unfavourable and the general prospects of the crop are poor.
Sambalpur	100	100	20th October	The date of sowing was normal, and weather conditions have been favourable. The present prospects of the crop seem to be good.
Hazaribagh	2,500	13,500	October	The date of sowing was normal. The weather and rainfall conditions were not favourable. The condition of the crop is poor.
Ranchi	100	600	Early in October	Sowings were normal. The weather being seasonable, the general condition of the crops is so far good.
Palamau	1,800	3,200	1st week of October	Sowings were generally early. The weather has not been favourable. Rain would be beneficial. The condition of the crops is fair.
Manbhum	600	2,100	Latter part of October and beginning of November.	Sowings were normal. The weather and rainfall conditions were not very favourable. More rain is wanted. The condition of the crops is fair.
Singhbum	2,600	2,900	October and November ...	Sowings were normal. The weather and rainfall conditions were favourable except in thana Monoharpur. The condition of the crop is fair.
Total Bengal ...	1,063,100	1,179,800*	....

35	FEUDATORY STATES, ORISSA.*	Inches.	.....	.....	No rain during the week. Weather generally cold in almost all the States. Sugarcane being pressed in Ranpur, Boad, Dhenkanal, Kalahandi, Gangpur, Khandpara, Keonjhar, Baramba and Daspalla. Harvesting of pulses and oilseeds going on in Athgarh, Dhenkanal, Rairakhol, Kalahandi, Patna, Nayagarh, Athmallik and Narsingpur. State of standing crops good in Boad, Gangpur, Nilgiri, Hindol, Narsingpur and Daspalla. Fodder and water sufficient. Price of rice ranging from 9 seers in Keonjhar and 12 seers in Narsingpur, Pal Lahara, Nilgiri and Mayurbhanj to 17 seers in Talcher and 18 seers in Patna.

* The report is for the week ending the 26th December 1908.

GENERAL SUMMARY.—There was no rain during the week. *Kalai* and early oilseeds are being harvested in Nadia, Jessore, Purnea and Hazaribagh, and sugarcane-pressing is in progress in Bihar, Orissa and Chota Nagpur. *Aman* paddy is still being harvested in some districts. Poppy and other *rabi* crops are being irrigated, but they are in urgent want of rain in Bihar. Prospects of these crops are not favourable in North Bihar, in Khulna and the Sonthal Parganas. Scarcity is apprehended in Nadia, and the condition of the poorer classes is seriously affected in parts of North Bihar owing to scarcity of work and high prices of food-grains. The agricultural outlook in North Bihar is unfavourable. The price of common rice has fallen in Bankura, Midnapore, the 24-Parganas, Murshidabad, Gaya, Muzaffarpur, Balasore, Puri, Ranchi and Palamau, and has risen in Burdwan, Nadia, Shahabad, Manbhum and Singhbhum. Cattle-disease is reported from Champaran, Muzaffarpur, Darbhanga, Monghyr, Puri, Sambalpur, Hazaribagh, Ranchi, Palamau and Manbhum. The fodder-supply is sufficient except in parts of the Sonthal Parganas. The water-supply is getting deficient in parts of Muzaffarpur, Monghyr and Purnea. The number of persons on test-works in Darbhanga was 10,779. Gratuitous relief was given to 1,392 persons in Orissa and 1,108 in Darbhanga.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

He is also vested with the powers of an Assistant Settlement Officer in those districts under rule 40 (Chapter VI) of the Rules made under the Bengal Tenancy Act for the districts of Cuttack, Puri and Balasore, published under Government notification No. 3474L.R., dated the 2nd September 1908.

No. 165L.R.—The 12th January 1909.—The following draft of rules which the Lieutenant-Governor proposes to make in exercise of the powers conferred by sub-section (*1*) and clauses (*xxii*) and (*xxiv*) of section 264 of the Chota Nagpur Tenancy Act, 1908, is published for the information of persons likely to be affected thereby.

The draft will be taken into consideration on the 1st March 1909, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

DRAFT.

In exercise of the powers conferred by sub-section (*1*) and clauses (*xxii*) and (*xxiv*) of section 264 of the Chota Nagpur Tenancy Act, 1908, the Lieutenant-Governor is pleased to make the following rules as to the commutation of rent payable by occupancy-raiyats in any of the ways mentioned in sub-section (*1*) of section 61 of that Act:—

1. An application under section 61 for commutation of rent payable by an occupancy-raiyat must contain the following particulars:—

(i) (*a*) when a record-of-rights has been prepared the plot numbers, local names, quality, boundaries and area of each of the parcels of land constituting the holding, as entered in the record-of-rights;

(*b*) when a record-of-rights has not been prepared a statement of the parcels of land constituting the holding, the local name and boundaries of each parcel, the different qualities in each parcel, and the number of plots and the area of each different quality in each parcel.

Illustration to clause (*b*).—Name of tenant ... Birsingh Munda.

			Acres.	Decimals.
1st parcel of land; Name—Pundidiri Loyung.	*North*—Sanre Munda *South*—Sanichar Uraon *East*—Bakast Malik	5 plots—Winter rice 4 plots—Autumn rice	3 1	13 49
	West—Thepa Munda	9 plots—Early rice	2	36

Explanation to clause (*b*).—The area must be given in acres and decimals when these are known; otherwise, in the measures locally prevalent.

(ii) the existing rent (including, if they are legally renderable, *rakumats* and *begari*), and the proposed inclusive money-rent;

(iii) the rates of money-rent payable by tenants for land of a similar description and with similar advantages in the vicinity; and

(*iv*) the names and addresses of the rent-receivers of the holding.

2. (*1*) The officer who inquires into the application shall give notice to the opposite party of the date fixed for the hearing of the application and the date fixed for the local inquiry (if any).

(*2*) A local inquiry shall be held, unless the application refers to an area for which a record-of-rights is under preparation or has recently been prepared, and unless such record-of-rights shows the classification of the land in sufficient detail for the purposes of commutation proceedings.

(*3*) Where no record-of-rights exists, the said officer may require the lands to be measured and classified by competent agency.

(*4*) After making the local inquiry (if any), and taking such evidence as may be tendered by the parties or as may be necessary for the disposal of the application, the said officer may determine the sum to be paid as money-rent.

3. (*1*) When several applications from one village are being inquired into simultaneously, it shall not suffice merely to fix general rates; but the incidence of such rates on each holding must be separately considered, and the rates must be modified, if necessary, according to the particular circumstances of each holding.

(*2*) The rent fixed for each holding must be explained by the officer to both landlord and tenant.

4. When a record-of-rights is being made, any number of tenants, occupying land under the same landlord, whose interest is recorded in the same *khewat* entry in the same village, may, with the consent of the said officer, make a joint application for commutation of produce-rents, or may, with the like consent, be joined as defendants in the same proceedings on a similar application by the landlord:

Provided that, if at any time it appears to the said officer that the question between any two of the parties, one of whom is so joined with others, cannot conveniently be jointly inquired into, he may order a separate inquiry to be held as to that question, or he may pass such order, for the joint or separate disposal of the application, as he may think fit.

No. 166L.R.—The 12th January 1909.—The following draft of rules which the Lieutenant-Governor proposes to make in exercise of the power conferred by clause (*viii*) of section 264 of the Chota Nagpur Tenancy Act, 1908, is published for the information of persons likely to be affected thereby:—

The draft will be taken into consideration on the 1st March 1909, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

DRAFT.

In exercise of the power conferred by clause (*viii*) of section 264 of the Chota Nagpur Tenancy Act, 1908, the Lieutenant-Governor is pleased to make the following rules as to appeals from orders made by Revenue officers under section 61 of that Act:—

1. Appeals from orders of Revenue officers under section 61, sub-section (*3*), shall lie—

(*a*) if the Revenue officer is an Assistant Settlement Officer—to the Settlement Officer to whom the Assistant Settlement Officer is subordinate, and

(*b*) if the Revenue officer is the Settlement Officer—to the Commissioner.

2. When any such appeal has been heard by the Settlement Officer, a second appeal shall lie to the Commissioner.

3. The decision of the Commissioner on any appeal preferred under these rules shall be final.

4. Every appeal referred to in these rules must be presented within 30 days from the date on which the order appealed against was signed.

5. The provisions of sections 220 to 223 shall, as far as they may be applicable, apply to such appeals.

No. 169L.A.—The 12th January 1909.—Declaration No. 871L.A., dated the 27th March 1908, published at page 780, Part I, of the *Calcutta Gazette* of the 1st April 1908, regarding acquisition of land for an Upper Primary School at Manshadingi, district Howrah, is hereby cancelled.

Municipal and Local.

NOTIFICATIONS

No. 2497 Medl.—The 31st December 1908.—In exercise of the powers conferred upon him by section 60B., clause (*i*), of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and section 138, clause (*k*), of the Bengal Local Self-Government Act, III of 1885 (Bengal Act III of 1885), and in supersession of the Notification, dated the 5th January 1892, and of the rules published therewith, as subsequently amended, the Lieutenant-Governor is pleased to make the following rules for the establishment and management of hospitals and dispensaries under the supervision of the Government of Bengal.

C. E. A. W. Oldham,
Secretary to the Government of Bengal.

RULES FOR THE MANAGEMENT OF HOSPITALS AND DISPENSARIES UNDER THE SUPERVISION OF THE GOVERNMENT OF BENGAL.

PRELIMINARY.

In these rules—

'Local authority" and "Local Fund' defined

(*a*) "Local authority" means any body of persons for the time being invested by law with the control and administration of any matters within a specified local area. It includes a Joint-Committee under section 30 and a Local Board under section 101 of Bengal Act III of 1885.

(*b*) "Local fund" means any fund under the control or management of a local authority.

CLASSIFICATION.

Classification of Hospitals and Dispensaries.

RULE 1.—Hospitals and dispensaries under Government supervision are divided into the following classes:—

Class I. *State—Public hospitals and dispensaries.*	These include all institutions maintained by Provincial funds and under Government management. (The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions should not be regarded as a reason for not classing it as "State," so long as Provincial and Imperial funds are ultimately responsible for all the charges connected with it.)
Class II. *State—Special hospitals and dispensaries.*	
(*i*)—Police	
(*ii*)—Forest and Surveys ...	
(*iii*)—Canals	
(*iv*)—Others	
Class I.—"Public" are State dispensaries which are open to the poorer classes of the public.	
Class II.—"Special" are State dispensaries which serve only a special section of the public, as indicated in the sub-classification attached.	

Class III.—*Local Fund Hospitals and Dispensaries*—includes all institutions which are vested in local authorities, or guaranteed or maintained by local funds. The fact that such an institution is aided by private subscriptions or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine or otherwise, should not be regarded as a reason for not classing it as a Local Fund Dispensary so long as its existence is ultimately dependent upon local funds.

Class IV.—*Private aided Hospitals and Dispensaries*—comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

Class V.—*Private non-aided Hospitals and Dispensaries*—comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers and forms should not be regarded as a reason for not treating it as a private non-aided dispensary.

Class VI.—*Railway Hospitals and Dispensaries*—comprises all Railway institutions whether maintained by State Railways or others.

OPENING AND CLOSING OF DISPENSARIES AND CONDITIONS UNDER WHICH GOVERNMENT AID AND SUPERVISION WILL BE GIVEN.

Opening and closing of Dispensaries.

RULE 2.—A dispensary may be opened by a local authority with the sanction, general or special, of the Commissioner, and on provision of the necessary funds in the annual budget, and it may be closed by the same authority, with the same sanction. When thus opened or closed by a local authority, the fact shall be reported by the Civil Surgeon to the Inspector-General of Civil Hospitals, in order that the dispensary may be added to or struck off from the list in Class III. No dispensary in Class III, in which a Government medical subordinate is employed shall, however, be closed without the sanction of Government, and, in the case of a dispensary in Class IV or V, three months' notice shall be given to the District Magistrate and the Civil Surgeon before the dispensary is closed. All dispensaries maintained by local authorities with public funds entrusted to them by Government are subject to all the rules hereby laid down for the management of such institutions Whenever a dispensary under Class IV or Class V is opened or closed by a private individual, the fact shall be reported by the Civil Surgeon to the Inspector-General of Civil Hospitals.

(i) Institutions in Class IV, which are in receipt of aid from Government or Local funds, shall be subject to the rules laid down in this Manual. Private non-aided dispensaries shall not be brought under the supervision of Government except at the request of those who are responsible for their maintenance. When the Inspector-General of Civil Hospitals approves of their being brought under Government supervision, they shall be placed in Class V and be subject to such of these rules as are applicable to them.

(ii) Whenever a new dispensary is opened, whether it is a State or Local Fund, or when a private dispensary is proposed to be placed under Government supervision, the Civil Surgeon of the district should furnish the Inspector-General of Civil Hospitals with information on the following points:—

(*a*) Allotment made under the different heads of expenditure for the maintenance of the dispensary.

(*b*) A copy of the Divisional Commissioner's order sanctioning the establishment of the dispensary, unless it is a private one.

(*c*) A plan of the building in which the dispensary is or will be located.

(*d*) The authority mainly responsible for its maintenance and the class in which it is proposed to place it.

(*e*) The diploma and other certificates of the Medical Officer whom it is proposed to appoint as laid down in rule 10.

(iii) No dispensary should be removed from one place to another until the matter has been fully discussed and the Inspector-General of Civil Hospitals informed in sufficient time to enable him to express an opinion and to sanction or reject the proposal.

Grants-in-aid by Government and Local authorities.

RULE 3.—Applications for grants from Government in respect of any dispensary shall be submitted to Government through the Magistrate and the Commissioner.

(i) The Lieutenant-Governor reserves the right to withdraw Government supervision or aid in any case, or at any time, when it may seem desirable to do so.

(ii) No grant may be made by a local authority in aid of any hospital or dispensary which has not received the recognition of Government and been classified under these rules. Grants-in-aid shall be made only in accordance with these rules.

Guarantee Bond.

RULE 4.—A guarantee bond (*vide* form given in Appendix A) for the maintenance of a dispensary for a given period may, if thought necessary, be required from the intending supporters of an institution in Class IV or V as a condition precedent to their obtaining assistance from Government in money or in any other way.

Submission of reports, returns and accounts.

RULE 5.—The Managing Committee or person or persons vested with the management of every hospital or dispensary under these rules, whether in Class I, Class II, Class III, Class IV or Class V, shall submit to the Medical Department, through the Civil Surgeon of the district, such reports, returns, and accounts as may be prescribed by the Inspector-General of Civil Hospitals from time to time. Such reports, returns, and accounts shall be in such forms, and be submitted on such dates, as may be prescribed. All books, registers, and forms which may be necessary for the preparation and submission of such reports, returns, and accounts will be supplied by Government free of cost.

Inspection and Supervision.

RULE 6.—Every institution which is recognized by Government and brought under these rules is subject to inspection and supervision by the Commissioner of the Division, by the Civil authorities of the district, by the Civil Surgeon, by the administrative officers of the Medical Department, and by any other person who may be generally or specially appointed by the Commissioner of the Division in that behalf. No charge will be made for such inspection or supervision.

Conditions for grant-in aid

RULE 7.—Government aid to a hospital or dispensary will be conditional on the observance of due economy in the management of the dispensary funds. The Inspector-General of Civil Hospitals will bring to the notice of Government any instance in which he considers that such economy is not observed, and that the Government aid should be continued or withdrawn.

Admission of Police cases, and *post mortems*.

RULE 8.—Every dispensary under Government supervision which has accommodation for in-patients shall admit all cases brought by the Police for examination and treatment.

APPOINTMENT, PAY, LEAVE, AND PENSION OF MEDICAL OFFICERS.

Appointment of medical officer in State institutions.

RULE 9.—The medical officer of every institution in Class I or II of these rules shall be a member of the Government service, and shall be appointed by the Inspector-General of Civil Hospitals.

Appointment of medical officer in other cases.

RULE 10.—The local authority or Managing Committee vested with the control and administration of an institution in Class III, and the Managing Committee or person or persons vested with the management of an institution in Class IV or V shall be entitled to appoint their own medical officer subject to the following conditions, viz.—

(*a*) that he be a duly qualified medical man, licensed or certified by a recognised medical college or school, his license or diploma being subject to examination and approval by the Inspector-General of Civil Hospitals;

(*b*) that he be not a dismissed servant of Government, or disqualified for his duties by age, infirmity or character; and

(*c*) that in the event of misconduct, insolvency, or professional incompetence by reason of age or otherwise, being proved against him to the satisfaction of the Medical Department he be removed from his charge on the requisition of the Inspector-General of Civil Hospitals:

(i) Provided that, on the application of the local authority or Managing Committee of any such institution, the services of a Government medical officer may be lent to such institution, subject to the rules laid down in this Manual. In such cases the pay *plus* contribution towards pension and allowance for leave including privilege leave of an Assistant Surgeon will be assumed to be Rs. 213 per mensem, and the pay including contribution for privilege leave allowance of a Civil Hospital Assistant, Rs. 47, and local authorities will be required to pay these sums into the treasury half-yearly in June and December, irrespective of the actual pay of the officer appointed.

(ii) Provided, also, that in the case of dispensaries situated at the head-quarters of districts or of subdivisions, the medical officer shall be a member of the Government service, and shall, in all cases, possess such qualifications as may be declared to be necessary for such an appointment. The salary of a medical officer in charge of a dispensary at the head-quarters of a subdivision shall be as laid down in Rule 11.

Remuneration of Assistant Surgeons and Civil Hospital Assistants.

RULE 11.—In the case of a hospital or dispensary situated at the head-quarters of a subdivision, the Government medical officer in charge of the subdivision will usually be in charge of the hospital or dispensary in addition to his other duties, and will receive from the managers of the dispensary an additional allowance of Rs. 10 a month if he is a Civil Hospital Assistant, or Rs. 20 a month if he is an Assistant Surgeon.

(i) In case the officer sanctioned by Government for the medical charge of the subdivision is of the Civil Hospital Assistant class, it will be open to the managers to obtain the services of a Civil Assistant Surgeon on payment of the difference between the assumed pay of an Assistant Surgeon (Rs. 213) and the assumed pay of a Civil Hospital Assistant (Rs. 47) in addition to the dispensary allowance.

Removal or transfer of Government Medical Subordinate.

RULE 12.—The Inspector-General of Civil Hospitals may, at any time, for departmental or other reasons, remove or transfer any Government medical subordinate whose services have been lent to an institution in Class III, IV or V, and may appoint another medical subordinate to succeed him In every such case, except as hereinafter provided, the transit pay and travelling allowances both of the officer transferred and of his successor shall be entirely paid by Government:

(i) Provided, that, if any officer is removed or transferred at the request of the local authority or Managing Committee, the transit pay and travelling allowances both of the officer transferred and of his successor shall be entirely paid by the local authority or Managing Committee concerned. In such cases the local authority or Managing Committee of institutions in Classes III, IV, and V shall be required to give three months' previous notice of their intention.

Pay of Government medical subordinate lent to be grade pay.

RULE 13.—The pay to which a Government medical subordinate in medical charge of any dispensary is entitled is only the pay of his grade, and no allowance in addition to his authorized pay can be granted by a local authority without the consent of Government

Pension and leave allowances of Government medical subordinates.

RULE 14.—A Government medical subordinate appointed to the charge of a hospital or dispensary under these rules will retain his right to pension and leave allowances under the rules of the Civil Service Regulations.

Applications for leave and payment of allowances.

RULE 15.—All applications for leave from Government medical subordinates must be submitted through the Managing Committee and the Civil Surgeon, to the Inspector-General of Civil Hospitals, Bengal, who alone is authorized to grant the leave and to appoint a substitute, whose transit pay and travelling allowance will be paid by Government. The leave pay of Government medical officers in charge of hospitals or dispensaries in Classes III, IV and V proceeding on leave including privilege leave will be borne by Government.

Leave of officers not in Government service.

RULE 16.—Medical officers in charge of hospitals and dispensaries in Class III, IV or V, who are not in Government service, shall be entitled to such leave as the local authority or Managing Committee may grant: provided that the leave or allowances during leave shall not exceed what would be admissible under the rules which apply to an officer paid from general revenues, and that in the case of an institution in Class III, if rules for the grant of leave have been framed by the

local authority concerned, leave shall only be granted in accordance with such rules. The local authority or Managing Committee shall appoint a *locum tenens* duly qualified under Rule 10, and shall provide for any expenditure that may be incurred on account of the pay of the medical officer while on leave, and the pay and travelling allowances, if any, of his *locum tenens*. In no case shall leave be granted to a medical officer (who is not in Government service) in charge of a dispensary without the cognizance of the Civil Surgeon of the district.

MEDICAL STORES.

Indents for medical Stores.

RULE 17.—The indents for medical stores for hospitals and dispensaries in Classes III, IV and V must be drawn up by the medical officer of the institution and be checked and passed by the Civil Surgeon before the stores are purchased. Such institutions shall make their own arrangements for the supply of medicines and medical stores.

N. B.—It is advantageous to obtain medical stores excluding opium and quinine from Messrs. Burgoyne, Burbidges & Co., of London, tinctures and other alcoholic preparations from Messrs. Smith, Stanistreet & Co., of Calcutta, mineral acids from Messrs. D. Waldie & Co., of Calcutta, cinchona febrifuge and quinine from Government Quinologist, and castor-oil from the Rampur Boalia Central Jail, and opium from the local treasury.

Supply of stores.

RULE 18.—Medical stores will be supplied to State hospitals and dispensaries from the Government Medical Store Department; but the indent must be checked and countersigned by the Civil Surgeon, and the supply will ordinarily be confined to the articles specified in the list given in Appendix B, Form XVII. It will, however, be in the discretion of the Inspector-General of Civil Hospitals to sanction or disallow any demand.

Indent to be annual.

RULE 19.—Medical stores to be supplied from the Medical Store Department must be indented for annually, and the annual indent must be submitted on the date fixed by the Civil Surgeon, to enable him to submit the combined indent for his district punctually on the date fixed by the Inspector-General of Civil Hospitals, Bengal.

MANAGEMENT AND SUPERVISION.

Management in whom vested.

RULE 20.—The management of hospitals and dispensaries under these rules shall be vested as follows :—

If the institution is in—

(*a*) Classes I and II—in such officer, person or persons as Government may direct.

(*b*) Class III—in the local authority with which the ultimate responsibility for its maintenance rests, or in a Managing Committee appointed by that authority, subject to the veto of the Commissioner of the Division. Such Managing Committee may include persons who are not members of the local authority. The District Magistrate and the Civil Surgeon at head-quarters and the Subdivisional

Magistrate and the medical officer of the subdivision shall be *ex-officio* members. The members shall be notified by the Commissioner in the *Calcutta Gazette*, and the Committee shall exercise in respect of the hospital or dispensary for which it is appointed such powers as may be delegated to it by the local authority.

(*c*) Classes IV and V—in a Manager or Managing Committee to be nominated by the supporters and approved by the Commissioner of the Division: provided that no Committee shall be appointed for any institution which receives no aid from Government or local funds, unless the proprietors or chief supporters apply for such appointment.

(i) No employe of the dispensary shall be eligible for appointment as a member of the Dispensary Committee This prohibition does not, however, refer to Civil Surgeons or Subdivisional Medical Officers who are not employes of the dispensary.

Note.—See orders in Government Resolulation No. 523T.—M, dated the 2nd November 1899, regarding the constitution of committees for the management of local fund dispensaries and the allotment of funds to those Committees, and also the rules prescribed in Accountant-General Circular, No. 263L.A., dated 18th August 1900, for the guidance of Managing Committees and local authorities in matters of accounts (*vide* Appendix A.)

Term of office of members of Managing Committee.

RULE 21.—Every member of the Managing Committee appointed under Rule 20, clauses (*a*) and (*c*) shall vacate his office at the end of three years from the date of his appointment as such member; and

every member of a Managing Committee appointed under Rule 20, clause (*b*), shall vacate his office when the term of office of the members of the local body by which the Committee is appointed expires:

Provided that the term of office of the members of the Committee shall be held to include any period which may elapse between its expiration and the date of the first meeting of a new committee appointed to take its place.

(i) Members of Managing Committees appointed under Rule 20 shall be eligible for reappointment after their term of three years expires.

Removal of members.

RULE 22.—(1) A member of a committee appointed under Rule 20, clause (*a*), may at any time be removed from office by the Commissioner of the Division.

(2) A member of a committee appointed under Rule 20, clause (*b*), may at any time be removed (*i*) by resolution of the local body by which the committee was appointed, passed by a majority of votes of the members of such body present at a meeting specially convened for the purpose, or (*ii*), for any of the reasons for which a member of the local body might be removed from office by the authority empowered by law to remove such member.

(3) A member of a committee appointed under Rule 20, clause (*c*), may at any time be removed from office by the Commissioner of the Division, at the request of the supporters or any of them, or by the Commissioner of his own motion for any of the reasons for which he might remove from office a Municipal Commissioner.

Filling of vacancies.

RULE 23.—If any member of the committee shall be unable to complete his full term of office, or shall avail himself of leave granted by the committee, the vacancy caused by his resignation or removal, or death or absence on leave, may be filled up by the appointment of another person, and the person so appointed shall fill such vacancy for the unexpired remainder of the term for which such member would otherwise have continued in office, or during his absence on leave, as the case may be

Chairman and Vice-Chairman.

RULE 24.—In cases falling under (*b*) and (*c*) of Rule 20, the local authority or the Managing Committee shall elect two of their number to be Chairman and Vice-Chairman respectively, and may also elect another of their number as Secretary.

Meetings of committee.

RULE 25.—The Managing Committee shall meet at least once a month, and shall scrutinize the accounts and enquire into all matters affecting the welfare of the institution. They shall examine and pass the monthly accounts, and shall keep a minute-book in which their proceedings shall be recorded.

Duties and functions of committee.

RULE 26.—The Managing Committee or the person or persons vested with the management of a dispensary in class IV or V shall be responsible for the management of the funds of the institution. It shall be their duty to see that the guaranteed and promised subscriptions are regularly collected. After defraying the current expenses of the institution, the balance at the end of the month, if any, of the donations, subscriptions, and interest realized by the committee shall be deposited by them in the Post Office Savings Bank. When the amount at credit of the dispensary exceeds Rs. 200, the Comptroller-General shall ordinarily be asked to invest the whole or a part of it in Government securities. No other mode of investment will be allowed without the previous sanction of Government. The proprietors of dispensaries in Class V, may, however, adopt any form of investment so far as the funds of their institution are concerned.

Custody of endowments and invested funds

RULE 27.—In the case of institutions in Class III, the endowments and subsequent investments, which must be made in Government securities, shall be held in the custody of the Accountant-General apart from the assets of the local fund. Small sums available for investment should be placed in the Government Savings Bank. The securities must not be sold, and these invested funds must not be appropriated or used in any way without the sanction of Government.

Note.—See orders in Government Resolution No. 523T.—M., dated the 2nd November 1899, regarding the constitution of Committees for the management of Local Fund dispensaries and the allotment of fund to those Committees, and also the rules prescribed in Accountant-General's Circular No. 263L A., dated 18th August 1900, for the guidance of Managing Committees and local authorities in matters of accounts (*vide* Appendix A.)

Subdivision for purposes of accounts of Local Funds Dispensaries.

RULE 28.—Dispensaries in Class III are subdivided for purposes of account into two classes: Class IIIA—Dispensaries for which separate banking accounts are allowed to be opened in the treasury with the sanction of Government; and Class IIIB.—

Dispensaries for which separate accounts are not allowed at the treasury, but the funds of which are kept under the direct control of the local authority.

(*a*) CLASS IIIA.—DISPENSARIES.

Method of keeping accounts where separate banking account is opened in treasury.

(1) All subscriptions and donations shall be collected by the Managing Committee and shall be paid into the treasury for credit to the Dispensary Fund. The income from endowments and investments shall, however, be realised by the local authority, and shall be remitted by it to the treasury for credit to the Dispensary Fund, an advice being sent at the same time to the Managing Committee. If any cheques for remittance orders are received, they should be sent intact to the treasury for *per contra* credit to the Dispensary Fund.

(2) All claims should be discharged either by payments from the imprest placed by the Committee in the hands of the medical officer in charge or by cheques drawn by the Secretary or the President upon the treasury in favour of the actual payees. The imprest in the hands of the medical officer shall not ordinarily exceed Rs. 50 in the case of sadar dispensaries and Rs 25 in the case of other dispensaries.

If it is necessary for the local authority to make a contribution to supplement the dispensary funds, such contribution should be paid in quarterly instalments on the first day of each quarter by cheques which should be made payable by transfer to the credit of the dispensary account in the treasury failure to do which should be brought to the notice of the District Magistrate by the Managing Committee. These amounts will be credited in the cash-book of the Managing Committee as contribution from the local authority by *per contra* debit as remitted to the treasury.

(3) The Managing Committee shall keep a cash-book in Form No. XXX (Appendix C) in which shall be entered all receipts and payments with necessary details as soon as the transactions occur. The cash-book should be closed every month, and a memorandum recorded reconciling the balance with that shown in the pass-book. A copy of the monthly account supported by vouchers for the payments made and signed by the President of the Committee shall be forwarded to the office of the local authority before the 5th of the succeeding month for incorporation in their accounts.

The transactions of the Dispensary Fund with the treasury will be shown in a pass-book, which will be supplied gratis by the treasury. The pass-book shall be closed and balanced at the end of every month. It should be examined by the Secretary of the Committee every time that it is received back from the treasury, to see that all the transactions have been duly entered therein. At the close of every month the treasury officer will prepare a memorandum showing the opening balances, monthly receipts and payments, and the closing balances of the several dispensary funds banking with the treasury, and enter this memorandum in the pass-books of the local authority to which the dispensaries belong, to enable it to verify the balances.

(b) CLASS IIIB.—DISPENSARIES.

Method of keeping accounts where funds are under direct control of Local authority.

(1) As regards these dispensaries the interest on the investments will be accounted for by the local authority direct. But all donations and subscriptions will be collected by the Managing Committee and paid into the office of the local authority, and there accounted for in the usual way.

(2) All claims in respect of these institutions shall be either paid from the imprest in the hands of the medical officer in charge or discharged by the local authority concerned on bills duly passed by the Managing Committee by issue of cheques upon the treasury.

(3) The Managing Committee shall keep a monthly account showing all transactions of the dispensary, including the contributions payable by the local authority, and forward a copy of this account to the local authority at the end of every month for comparison with the accounts kept at the office of the local authority concerned.

Civil Surgeon to be Superintendent.

RULE 29.—The Civil Surgeon shall be the Superintendent of every hospital and dispensary in his district which is classified under these rules, and shall exercise complete professional control over the medical officer in immediate charge.

Scrutiny of accounts and control by Superintendent.

RULE 30.—The Superintendent shall scrutinize the expenditure and accounts of every hospital and dispensary in his district, and shall call the attention of the managing body to any irregularity or other circumstance which, in his opinion, deserves notice. The managing body shall be bound to consider any communication from the Superintendent, to afford him full information as to the conduct of the medical officer in charge, and all other matters affecting the welfare of the sick and the management of the institution. In all professional matters the decision of the Superintendent will be final; but if any difference of opinion arises between him and the managing body regarding any non-professional matter affecting the management of the institution, a reference must be made to the Inspector-General of Civil Hospitals or to Government for a decision.

Inspection by Superintendent.

RULE 31.—The Superintendent shall visit each dispensary in his district not less than four times annually, except by special dispensation from the Inspector-General of Civil Hospitals, and shall prepare and submit promptly to the Inspector-General of Civil Hospitals inspection reports in Form XXXIV given in Appendix D. The sadar hospital should be visited by the Civil Surgeon daily at a fixed hour which should be notified throughout the district so that patients who wish to consult him may know exactly when they can do so.

Annual report by Superintendent.

RULE 32.—The Superintendent shall furnish an annual report of working of the hospitals and dispensaries in his district to the Inspector-General of Civil Hospitals, in the form No. XXXV given in Appendix D and annual returns in accordance with the forms Nos. XX, XXI, XXII, XXIII, XXIV, XXV and XXVI given in Appendix B.

Record of work and of accounts to be kept by Managing Committee.

RULE 33.—The Managing Committee of every hospital or dispensary shall cause to be kept at the institution—

(*a*) a record of the work done, showing day by day the number of patients treated, the affections for which they were treated, and, in important cases, some account of the symptoms, the treatment, progress, and the result.

(*b*) a record of the accounts of the institution.

These shall be written up daily by the medical officer in charge, and shall be open at all times to the inspection of inspecting officers.

The medical officer shall write up all other books and records prescribed under these rules, and, in any case in which this is not done, the reasons should be stated in the inspection report of the Superintendent.

Submission of extract of proceedings to Superintendent.

RULE 34.—An extract from the proceedings of each meeting of the Managing Committee and of the local authority, so far as they relate to hospitals and dispensaries, shall be promptly forwarded to the Superintendent, who may, if he thinks fit, and shall, if the Managing Committee so desire, submit it with his remarks to the Inspector-General of Civil Hospitals.

Visitors' Book.

RULE 35.—A visitors' book shall be kept in every hospital and dispensary, in which will be recorded the remarks of visitors A copy of these remarks shall be forwarded, within twenty-four hours to the Superintendent, who will, if necessary, transmit it with his remarks to the Inspector-General of Civil Hospitals within three days of its receipt in his office.

GENERAL.

Responsibilities of medical officer.

RULE 36.—The medical officer in charge of a hospital or dispensary is responsible for the proper treatment of the sick, and this duty shall not on any account be delegated to a subordinate; he is also responsible for all matters connected with the comfort and well-being of the patients and for the proper working of the dispensary establishment.

Hours of attendance.

RULE 37.—The Managing Committee shall prescribe the hours of attendance (which shall not be less than four hours in the morning and two hours in the afternoon) within which the medical officer must be present at the dispensary. He must also give attention to urgent cases at other hours.

The hours of attendance shall be clearly stated in a notice posted in some conspicuous part of the dispensary.

Advice and medicines to be free.

RULE 38.—Any person attending at a charitable dispensary is entitled to receive advice and medicines free of charge; but the medical officer should impress upon any person who is not poor the duty of subscribing to the dispensary or paying for the medicines supplied to him, and should bring to the notice of the Committee any cases in which the privilege is abused.

Diet charges in medico-legal cases.

(i) The diet charges in medico-legal cases sent by the police should be recovered from the Magistrate and met from the contingent grants

RULE 39.—No medicines shall be issued from the dispensary stock to any one who does not receive treatment at the dispensary either as an indoor or outdoor patient.

Issue of medicines.

Exception (*i*).—At dispensaries which receive a contribution from Government for the supply of medicines and medical stores to Government servants, these stores shall be supplied from the dispensary stock free of charge to such Government servants as are entitled to receive them.

Issue of medicines to Government servants.

Exception (*ii*).—At dispensaries which receive a contribution from Government for the supply of medicines and medical stores for the treatment of sick prisoners in Subsidiary Jails, these stores should be supplied from the Dispensary stock free of charge. Medical appliances from such dispensaries shall also be given on loan when required temporarily for the use of sick prisoners.

Supply of medicines and medical appliances to Subsidiary Jails.

RULE 40.—Where special accommodation has been provided for paying patients, fees may be levied according to a scale previously sanctioned in that behalf by the Managing Committee

Scale of fees for accommodation of paying patients.

RULE 41.—The medical officer in charge of a dispensary has the privilege of engaging in private practice, provided it does not interfere with his attendance at the dispensary during the hours prescribed in rule 37, or in any other way with his dispensary work.

Private practice.

RULE 42.—No medical officer in charge of a hospital or dispensary or any compounder, dresser, or other servant of such institution, shall have any interest in a private dispensary or druggist's shop. In places where there is no approved druggist's shop or private dispensary, a medical officer may, with the consent of the Civil Surgeon and the Managing Committee, keep a private supply of medicine for the use of his private patients.

Prohibition of interest in private dispensary or druggist's shop.

RULE 43.—Civil Hospital Assistants in charge of charitable hospitals and dispensaries are entitled to free quarters or to house-rent in lieu thereof, and quarters should, as a rule, be provided for them near the hospital or dispensary. Where quarters are provided, the Civil Hospital Assistant must live in them, but, where this is not the case, he will be granted house-rent which will ordinarily be at the rate of Rs. 5 per mensem and shall not exceed Rs. 10 per mensem. The obligation to provide quarters or to pay house-rent will be met in each case by the authority responsible for the maintenance and management of the institution, that is to say, in the case of institutions in Classes I and II by Government; in the case of institutions, in Class III from local funds, and in the case of those in Classes IV or V by the owners or Managing Committees. Before granting an allowance in lieu of quarters, the authority concerned

Provision of quarters for Civil Hospital Assistants.

must satisfy itself that the quarters occupied by the Civil Hospital Assistant are within a convenient distance of the dispensary. If quarters are not available near the dispensary, it will be the duty of the authority to build suitable quarters without avoidable delay.

Bed-head tickets.

RULE 44.—In dispensaries in which there are house-patients, a bed-head ticket in the prescribed form (*vide* Form No. 111 in Appendix B) shall be hung over the bed of each inpatient.

Storage of medicines and instruments.

RULE 45.—Medicines and instruments shall be kept under lock and key, except small quantities of the articles in daily use during the attendance of patients.

Poisons.

RULE 46.—Poisons should be stocked in special bottles and kept under separate lock and key which should remain in the custody of the medical officer in charge of the dispensary, the doses in which these drugs are usually administered internally should be legibly written on a conspicuous label. A list of poisons should be hung up in the almirah specially reserved for the custody of such drugs.

Sanction necessary for construction, extension or alteration of hospital or dispensary.

RULE 47.—No building for the accommodation of a dispensary or hospital in Classes I, II, III, IV and V and no extension of such building involving an alteration of the structural design, shall be constructed by the local authority or manager until the plan of such building or extension shall have been approved by the Civil Surgeon and the Inspector-General of Civil Hospitals, Bengal. When new dispensaries are constructed the standard plan should invariably be followed. Where it is not possible to do this the reasons should be furnished with any alternative proposals the local officers may have to make. Any extension or alteration involving no change of design shall be approved by the Civil Surgeon If in-patients are to be accommodated, each patient should have at least 90 superficial and 1,200 cubic feet of space and the beds should be so placed that the patients will not be obliged to sleep in a draught of air. For isolation wards for infectious cases the space should be 120 superficial feet for each patient. The beds of all indoor hospitals should be placed so as to have a window or door on each side.

Execution of repairs to local fund or private institutions.

RULE 48.—In the case of institutions in Class III, IV or V, repairs to the dispensary buildings shall be executed by, and be chargeable to, the local authority or Managing Committee, as the case may be.

Appointment and discharge of Compounders, dressers, and menial servants.

RULE 49.—Menial servants will be appointed and discharged by the Medical Officer in charge subject to the approval of the Managing Committee of the institution. Compounders and dressers will be appointed and be liable to removal by the Managing Committee, subject to the approval of the Superintendent.

Conditions of appointment and remuneration of compounders.

RULE 50.—All compounders appointed to dispensaries in Classes I, II and III after the 1st April 1897 must hold certificates under the rules for the grant of certificates to compounders (*vide* Appendix A) under section 252 of the Bengal Municipal Act, III of

1884, and section 498 of the Calcutta Municipal Consolidation Act, III of 1899, and will draw pay at the rate of Rs. 15 rising by biennial increments of Re. 1 to Rs. 20. Compounders already employed in such dispensaries will be entitled to draw pay at the above rate on obtaining such certificates.

(i) In selected cases the pay may, with the approval of the Inspector-General of Civil Hospitals, Bengal, be fixed at any other rate subject to a maximum of Rs. 25: provided that if it be incremental it shall ordinarily rise by biennial increments of Re. 1 and attain the maximum in ten years.

(ii) The Inspector-General of Civil Hospitals is empowered to cancel the certificate of any compounder proved to have made a serious mistake in the dispensing of a medicine either through ignorance or carelessness.

(iii) Compounders should not, except in very exceptinal cases, be placed in charge of dispensaries and even then only for a very short period. Whenever a compounder is placed in charge of a dispensary the fact should immediately be reported to the Inspector-General of Civil Hospitals.

(iv) Compounders attached to indoor dispensaries will be entitled to free quarters which must be provided for them by the dispensary authorities.

Prohibition of employment of apprentices in certain cases.

RULE 51.—The employment of apprentices is prohibited, except in hospitals and dispensaries the Superintendents of which are authorized by the Inspector-General of Civil Hospitals, Bengal, to receive and train candidates for the compounder class. The number of such apprentices in an institution should be limited to two.

Prohibition of private employment of dispensary servants.

RULE 52.—Dispensary servants must not be employed in the private service of the medical officer, or of the members of the Managing Committee.

Disposal of non-infected clothing and property of deceased patients.

RULE 53.—Articles of clothing which are not infected, and other moveable property belonging to deceased house-patients, should unless, in the case of native patients, to whom section 61 of Act II of 1874 (*vide* Appendix A) does not apply, there are heirs to whom the property may be made over, be sent through the Police to the local Munsif or District Judge for disposal under the provisions of Regulation V of 1799 (*vide* Appendix A). In the case of European or other patients to whom section 64 of Act II of 1874 applies, there is no obligation on the hospital authorities to report the death to the Judge or to send to him the property of the deceased. It may be taken away by the relations or friends of the deceased, if there are any present. If not, the hospital authorities may keep any moveable property left by the deceased until the friends or relations of the deceased can take them away. If no application is made within six months, the articles may be sent to the District Judge with a report of the death of the deceased. In making over such property or allowing such property to be taken away, the hospital authorities will exercise due care and caution, and will advise the parties that they are not legally entitled to possession of these until they have complied with the provisions of law on the subject of

the effects of deceased persons, and that they are permitted to remove the property at their own risk.

A receipt for the goods should be taken in a register to be kept for the purpose or on a separate paper which should be filed.

BOOKS AND FORMS.

Book and forms to be kept up by the Medical Officer.

RULE 54.—The following books and forms are required to be kept up by the medical officer at hospitals and dispensaries brought under these rules (*see* Appendix B.)

(1) Diary and register of indoor patients (Form I.)
(2) Register of operations (Form II).
(3) Bed-head ticket (Form III). This should be written up daily and be filed, so as to preserve a concise history of the case and treatment.
(4) A case-book for recording all special or important cases (Blank Book.)
(5) A clinical chart of temperature, pulse, and respiration in Form IV. This should be pasted into the case-book against the patient's case.
(6) Register of out-patients (Form V).
(7) Ticket for outdoor patients (Form VI).
(8) A book of copies of certificates given in police and medico-legal cases (Form VII).
(9) A blank book for record of *post-mortem* examinations, medico-legal or otherwise and for keeping detailed records of wounds or other police cases. Instead of the book being kept up, a copy of Form VIII, which is to be used when despatching viscera to the Chemical Examiner, may be filed as a record of medico-legal *post mortem* examinations.
(10) Monthly returns of in and out-patients (Forms IX and X). These should be kept up to date for the more easy and accurate preparation of the annual return; a copy should be submitted to the Civil Surgeon soon after the close of the month.
(11) Monthly bill in detail of establishment, diet, and contingencies (Form XI). These are to be prepared by the medical officer in charge, and sent for examination, countersignature, and payment to the Secretary or Manager. In all cases in which there is expenditure for establisment, diet, or any other charge to be paid by Government, the bills of such expenditure are to be kept separate from the private accounts of the charity.
(12) A bill book for copies of all the dispensary bills (Blank Book.)

(13) A daily account or cash-book showing actual receipts and expenditure in detail (Blank Book.) This is to be kept by the medical officer, and the account totalled up at the end of each month.

(14) A diet-book in Form XII. This is required only in dispensaries in which there are in-patients.

(15) A stock ledger of surgical instruments and appliances (Form XIII).

(16) A stock ledger of medicines (Form XIV).

(17) Annual indent for European medicines and instruments (Form XV). This is to be submitted to the Civil Surgeon in printed form and in triplicate.

(18) Emergent indent for European medicines and instruments (Form XVI). This is to be submitted to the Civil Surgeon in printed form and in triplicate.

(19) Form XVII shows a list of medicines that may ordinarily be indented for from the Government Medical Store.

(20) Form XVIII shows a list of the principal articles of the Materia Medica which are procurable in bazars.

(21) Annual indent for forms (Form XIX).

(22) Annual returns (Forms XX, XXI, XXII, XXIII, XXIV XXV and XXVI). These should be sent in the printed form and in duplicate, in the first week of January, to the Civil Surgeon for check, and for the transmission of one of the copies to the Inspector-General of Civil Hospitals not later than the 10th January.

(23) A season monthly register of vaccination for use in dispensaries to which vaccinators are attached (Form XXVII). This form can be obtained from the Superintendent, to whom a copy duly filled up should be submitted every month for incorporation in his monthly return to be submitted to the Sanitary Commissioner.

(24) A visitors' book. For this a simple blank book will suffice.

(25) A blank book for copies of all letters and circulars received, of which the originals cannot be retained.

(26) A blank book for copying all letters despatched.

(27) A book-cover for filing all circulars and other letters.

Books and forms to be kept up by the Secretary or Managers.

RULE 55.—The following books and forms are required to be kept up by the Secretary or Managers (*see* Appendix C) :—

(1) Account of the Receipts and Payment of Municipal Dispensary prescribed in Rule 104 of the Municipal Account Rules (Form No. XXVIII.)

(2) A monthly statement of accounts (in Form XXV in Appendix B), to be submitted by the Secretary or Managers monthly to the Superintendent. A copy of the same should also be laid before the managing body at their monthly meetings and another copy should be sent to the Magistrate.

(3) A monthly *Pro forma* account of Class III. Dispensary prescribed in the Accountant-General, Bengal's Circular No. 263L.A., dated 18th August 1900 (*vide* Appendix A). Form XXIX.

(4) An annual return of accounts in the same form and an annual account of invested capital in Form XXVI given in Appendix B should be submitted to the Superintendent for his information in the first week of January.

(5) A cash book of class IIIA. Dispensary Fund (Form XXX) to be kept by the Managing Committee in accordance with the instructions contained in rule 28.

(6) A subscription and donation book (Form XXXI).

(7) A dispensary property book (Blank Book)

(8) A committee book for recording the proceedings of each meeting of the managing body (Blank Book)

Reports and returns.

RULE 56.—The following reports and returns are required to be submitted by the Superintendent (*see* Appendix D).

(1) Annual return of Government Assistant Surgeons and Civil Hospital Assistants (Form XXXII).

(2) Annual confidential report of Government Assistant Surgeons and Civil Hospitals Assistants (Form XXXIII).

(3) Inspection report of a dispensary (Form XXXIV).

(4) Annual report on the working of a dispensary (Form XXXV).

CONSTITUTION OF COMMITTEES FOR THE MANAGEMENT OF LOCAL FUND DISPENSARIES AND THE ALLOTMENT OF FUNDS TO THOSE COMMITTEES.

No. 523T.—M., dated Darjeeling, the 2nd November 1899.

RESOLUTION—By the Government of Bengal, Municipal Department.

READ—

Circular No. 29Medl., dated the 22nd April 1899, addressed to all Commissioners of Divisions and their replies on the subject of subscriptions to Charitable Dispensaries.

IT has for some time past been the subject of remark, and the special attention of Government has been recently drawn to the fact, that while there has been of late years a large increase in the total amount of subscriptions to charitable dispensaries, the increase has not extended to all classes of dispensaries alike, and that in the case of dispensaries in class II (new class III) there has been on the contrary a serious falling off. This class comprises all institutions which are maintained primarily by local authorities, such as District Boards or Municipalities, but which also receive aid from private subscriptions. In these institutions there has been an undeniable tendency for subscriptions to decline; and the decline is specially marked in cases where the dispensary has been up to a certain point maintained exclusively by private subscriptions and has then been transferred to the management of a local authority. In such cases the transfer from private to public management seems to have given rise to an idea on the part of subscribers that the maintenance of the dispensary is thenceforth a matter for public rather than for private charity, and that any subscriptions which may be given will be devoted, not to the special purposes for which they are intended, but merley to relieving the finances of the local authority in question. It has been noticed that in consequence of this falling off in subscriptions it has in many cases been impossible to provide patients with those comforts which make a hospital what it should be, and to which charitable persons would especially wish to see their subscriptions devoted. It is regrettable that the flowing tide of private charity, which has on the whole made a substantial advance in recent years, should in this particular instance have been checked, and it is most desirable that a means of removing this check should be found.

2. With this object proposals have recently been made that Civil Surgeons should be empowered to collect special subscriptions, apart from those at present collected by the local authority, and to utilise the money so raised exclusively on the provision of additional comforts for the patients, as distinguished from the necessary general expenditure of the institution. This proposal, however, is open to the objection that its effect would be to create a second subscription list which would probably prove to be not a supplement but a rival to the existing one, and would be filled mainly at the expense of the latter. It is doubtful whether the result would be an increase in the total

amount of donations, and it is certain that the transfer of subscriptions from the regular to the special list would mean the imposition of a serious additional burden on those local bodies which, while themselves contributing liberally to the support of the dispensaries under their control, are to a considerable extent dependent on private subscriptions for assistance in maintaining them.

3. The importance, however, of making as clear a distinction as possible between expenditure on charitable objects and expenditure on ordinary municipal administration is, for the reasons already given, sufficiently obvious; and the following method of effecting this objects is the one which has commended itself to Government :—

(1) The appointment of a Managing Committee for class II (now class III) dispensaries should be made a general rule; and such Committees should meet more regularly than is always the case at present.

(2) The distinction between the Dispensary Committee and the local authority should be made as clear as possible by the inclusion in the former of gentlemen who are not members of the latter.

(3) The Civil Surgeon should be a member of every Committee, and in subdivisions the Subdivisional Officers should also be a member.

(4) To this Committee the local authority should make an annual allotment which will be fixed for a period of three years' and at the end of that time will be subject to revision. The amount of the allotment should in the first instance be fixed with regard to the expenditure actually incurred by the local authority in maintaining the dispensary in question during the three preceding years.

It will then rest with the Managing Committee to supplement the income thus assured to them by raising subscriptions to such an extent as will enable them to make their dispensary one which shall be not merely a medical poor-house, but an institution in which contributors may be able to take a pride, and to which patients may resort with the assurance that they will be provided with every reasonable comfort which they may require. Of these subscriptions the dispensary will receive the full benefit during the three-years' term. Donations and subscriptions which are given for a special purpose should invariably be applied solely for that purpose.

4. In many cases subscriptions to dispensaries under the control of local authorities are already on a satisfactory footing, and in such cases it will not be necessary to make any change in the existing system. The Lieutenant-Governor, however, is of opinion that the more complete the separation between charitable and municipal administration, the greater will be the encouragement to private liberality. He looks to Commissioners of Divisions to urge this separation wherever it appears necessary, and to use their powers of control in seeing that the various local bodies contribute liberally and according to the means at their disposal to the cause of medical charity.

RULES FOR THE GUIDANCE OF MANAGING COMMITTEES AND LOCAL AUTHORITIES IN MATTERS OF ACCOUNTS.

Circular No. 263L.A., dated Calcutta, the 18th August 1900.

From—J. C. E. BRANSON, Esq., Accountant-General, Bengal.

To—All Chairmen of Municipalities and District Boards in Bengal.

REFERRING to the Resolution by the Government of Bengal, Municipal Department, No. 523T.—M., dated the 9th November 1899, by which it was directed that class II (new class III) dispensaries, which are maintained primarily by Local authorities, such as District Boards or Municipalities, but which also receive aid from private subscriptions, should, as a general rule, be transferred to the management of independent Managing Committees, a fixed allotment being annually made from the funds of the Local authority for a specific term, I have the honour to prescribe the following rules relating to matters of account for the guidance of Managing Committees and Local authorities:—

1. No change should be made in accounts of Local authorities in consequence of the aforesaid orders: their only care should be to prevent any disbursements from the funds in excess of the fixed annual allotment made for a dispensary, by the aid of a *pro formâ* account of the transactions of the dispensary which is hereinafter prescribed.

2. All donations and subscriptions should be collected by the Managing Committee and remitted by them by the usual *chalans* in triplicate to the treasury or Bank where the funds of the Local authority are lodged, for credit to other accounts of the Local authority.

3. All charges on account of the dispensary should be drawn on bills passed for payment by the Managing Committee, or by the Chairman on their authority; and the passed bills should be presented for payment at the office of the Local authority, where cheques will be issued in favour of the actual payees and receipts taken from them. Cheques in recoupment of the permanent advance to be made to the Chairman for petty contingent charges of the dispensary as well as cheques in payment of establishment bills should be drawn in favour of the Chairman. All vouchers should be permanently retained in the office of the Local authority in support of the payments.

(As amended by notification No. 3556Medl, dated 22nd December 1902.)

4. The Managing Committee should keep a *Pro formâ* account of the dispensary in the form annexed,* in which will be shown on the receipt side—

(*i*) the annual allotment, and

(*ii*) the donations and subscriptions collected by them, supported by the duplicate *chalans*;

and on the expenditure side the bills passed by them for payment by the Local authority, classified in the same details in which the dispensary

* *Vide* Form No. XXIX in Appendix "C."

charges are classified in the accounts of the Local authority, (In the accounts, however, of the Local authority, only the actual receipts and charges should be shown.)

5. A copy of the above account should be submitted by the 3rd of the succeeding month to the Local authority and checked in the office of the Local authority, where the blank columns showing the number and date of cheques should be filled up In order that there may be no discrepancies between the accounts of the Managing Committee and the Local authority no bills should be passed for payment towards the end of the month for which cheques cannot be issued in the same month.

6. So long as there is a balance in favour of the dispensary, cheques should continue to be issued in payment bills passed by the Managing Committee; but as soon as the balance is exhausted, no further payments should be made.

7. The closing balance in the *pro formâ* account of each year should be carried forward to the accounts of the next year.

8. In order that the Managing Committee may not run the risk of overdrawing their account, they should, in the beginning of each year, prepare a budget showing the allotment and the estimated collections, together with any accrued surplus, and the expenditure which they can expect to meet therefrom.

9. The Managing Committee should for their own information keep a register of the bills passed by them in such detail as may be considered necessary.

10. They should also maintain the register of subscriptions in the prescribed form.

11. All orders of the Managing Committee relative to establishment and other charges and the subscription register should be transmitted to the Local authority for examination by the Local Auditor when he audits the accounts of the Local authority.

12. The Managing Committee should observe all financial rules of Government, *e.g.*, rules relating to leave and acting allowances, travelling allowances, contingent expenditure and the like.

RULES FOR THE GRANT OF CERTIFICATES TO COMPOUNDERS.

Notification No. 1114T.-Medl.—The 19th September 1907.—Whereas a notification, No. 217Medl., dated the 2nd February 1907, was published at pages 193-198, Part I of the *Calcutta Gazette* of the 6th idem, declaring the intention of the Lieutenant-Governor to revise the rules for the grant of certificates to compounders, and whereas no valid objections have been made to the proposal, it is hereby notified for general information that, in exercise of the powers conferred by by section 252 of the Bengal Municipal Act (III of 1884), and section 498 of the Calcutta Municipal Act, 1899 (III of 1899), the Lieutenant-Governor is pleased to direct that the following rules for the grant of certificates to compounders shall be substituted for the

like rules published under Government Notification No. 4042Medl., dated the 2nd November 1896, as subsequently amended:—

(*e*) regulating the registration of certificates so granted;

(*f*) permitting any person having such qualifications as may be recognized in the rules to compound, mix, prepare, dispense or sell drugs without obtaining such a certificate; and

(*g*) authorizing the cancellation of any certificate granted, or the withdrawal of the permission given, under the said rules, to any person who is proved in the course of a judicial trial to have made a serious mistake, through ignorance or carelessness in the compounding, mixing preparation, dispensing or selling of drugs.

Section 64 of Act II of 1874 (vide General Acts, Vol. II, 1868-76, pp. 419-20).

District Judge in certain cases to take charge of property of deceased persons, and to report to Administrator-General.

64. Whenever any person, other than a Hindu, Muhammadan, (Parsi) or Buddhist or a person exempted under the Indian Succession Act, 1865, (Act 10 of 1865), section 332, from the operation of that Act, dies leaving assets within the limits of the jurisdiction of a District Judge, the District Judge shall report the circumstance without delay to the Administrator-General of the Presidency, stating the following particulars so far as they may be known to him:—

(*a*) the amount and nature of the assets,

(*b*) whether or not the deceased left a will, and if so, in whose custody it is,

and, on the lapse of one month from the date of the death,

(*c*) whether or not any one has applied for probate of the will of the deceased or letters of administration to his effects.

The District Judge shall retain the property under his charge, or appoint an officer under the provisions of the Indian Succession Act, 1865, (Act 10 of 1865), section 239, to take and keep possession of the same until the Administrator-General has obtained letters of administration, or until some other person has obtained such letters or a certificate from the Administrator-General under the provisions of this Act, when the property shall be delivered over to the person obtaining such letters of administration or certificate, or, in the event of a will being discovered, to the person who may obtain probate of the will.

(The District Judge may cause to be paid out of any property of which he or such officer has charge, or out of the proceeds of such property or of any part thereof, such sums as many appear to him to be necessary for all or any of the following purposes, namely:—

(*a*) the payment of the expenses of the funeral of the deceased and of obtaining probate of his will or letters of administration to his estate and effects;

(*b*) the payment of wages due for services rendered to the deceased within three months next preceding his death by any labourer, artizan or domestic servant; and

(*c*) the relief of the immediate necessities of the family of the deceased, and nothing in section 279, section 280 or section 281 of the Indian Succession Act, 1865, or in any other law for the time being in force with respect to rights of priority of creditors of deceased persons shall be held to affect the validity of any payment so caused to be made).

[In section 64 of the Administrator-General's Act (Act 11 of 1874) before the word "Hindu" wherever it occurs the word "Native Christian" shall be inserted:

Provided that nothing contained in this section shall affect any probate, letters of administration or certificate granted or vested under the said Act, *Vide* section 4 of Amending Act of 1901 (Act VII of 1901, I. C.)]

(EXTRACT FROM THE BENGAL CODE, VOL. IV, PP. 571—574.)

(REGULATION 5 OF 1799, DATED 3RD MAY 1799).

A Regulation to limit the interference of the Zila Courts of Diwani Adalat in the execution of wills and administration to the estates of persons dying intestate.

Preamble.

1. Doubts having been entertained to what extent, and in what manner, the Judges of the Zilla Courts of Diwani Adalat in the Provinces of Bengal, Bihar, Orissa and Benares, are authorized to interfere in cases wherein the inhabitants of the above provinces may have left wills at their decease, and appointed executors to carry the same into effect, or may have died intestate leaving an estate, real or personal; with a view to remove all doubts on the authority of the Zilla Courts in such cases, and to apply thereto, as far as possible, the principle that in suits regarding succession

and inheritance the Muhammadan laws with respect to Muhammadans, and the Hindu laws with regard to Hindus, be the general rules for the guidance of the Judges, the Vice-President in Council has passed the following Regulation, to be considered in force from the period of its promulgation in the above Provinces respectively.

Estates of Hindus, Muhammadans and others not being disqualified landholders, leaving wills.

2. In all cases of a Hindu, Mussulman or other person subject to the jurisdiction of the Zilla Courts, having at his death left a will and appinted as executor or executors to carry the same into effect, and in which the heir to the deceased may not be a disqualified landholder subject to the superintendence of the Court of Wards the executors so appointed are to take charge of the estate of the deceased, and proceed in the execution of their trust according to the will of the deceased and the laws and usages of the country, without any application to the Judge of the Diwani Adalat or any other officer of Government for his sanction; and the Courts of Justice are prohibited to interfere in such cases except on a regular complaint against the executors for a breach of trust or otherwise, when they are to take cognizance of such complaint in common with all others of a civil nature.

Estates of persons dying intestate.

3. In case of a Hindu, Mussulman or other person subject to the jurisdiction of the Zilla Courts dying intestate, but leaving a son or other heir, who by the laws of the country, may be entitled to succeed to the whole estate of the deceased, such heir, if of age and competent to take the possession and management of the estate, or, if under age or incompetent and not under the superintendence of the Court of Wards, his guardian or nearest of kin who, by special appointment or by the law and usage of the country, may be authorized to act for him, is not required to apply to the Courts of Justice for permission to take possession of the estate of the deceased as far as the same can be done without violence; and the Courts of Justice are restricted from interference in such cases, except a regular complaint be perferred.

If there be more heirs than one to estate of intestate.

4. If there be more heirs than one to the estate of a person dying intestate, and they can agree amongst themselves in the appointment of a common manager, they are at liberty to take possession, and the Courts of Justice are restricted from interference, without a regular complaint, as in the case of a single heir; but if the right of succession to the estate be disputed between several claimants, one or more of whom may have taken possession, the Judge, on a regular suit being preferred by the party out of possession, shall take good and sufficient security from the party or parties in possession for his or their compliance with the judgment that may be passed in the suit; or in default of such security being given within a reasonable period may give possession until the suit may be determined to the other claimant or claimants who may be able to give such security declaring at the same time that such possession is not in any degree to affect the right of property at issue between the parties, but to be considered merely as an administration to the estate for the benefit of the heirs who may on investigation be found entitled to succeed thereto.

5. In the event of none of the claimants to the estate of a person dying intestate being able to give the security required by the preceding section, and in all cases wherein there may be no person authorized and willing to take charge of the landed estate of a person deceased, the Judge within whose jurisdiction such estate may be situated (or in which the deceased may have resided, or the principal part of the estate may lie, in the event of its being situated within two or more jurisdictions) is authorized to appoint an administrator for the due care and management of such estate, until, in the former case, the suit depending between the several claimants shall have been determined, or in the latter case until the legal heir to the estate, or other person entitled to receive charge thereof as executor, administrator or otherwise, shall attend and claim the same; when, if the Judge be satisfied that the claim is well founded, or if the same be established after any inquiry that may appear necessary, the administrator appointed by the Court shall deliver over the estate to him, with a full and just account of all receipts and disbursements during the period of his administration.

In what cases Judge may appoint administrator for care and management of estate of intestate.

6. In all instances of an administrator being appointed under this Regulation, he is, previous to entering upon the execution of his office, to give good security for the faithful discharge of his trust in a sum proportionate to the extent thereof; and the Judge appointing him is authorized to fix for him (subject to the approbation of the Court of Sadar Diwani Adalat, to whom a report is to be made in such instances) an adequate personal allowance to be paid out of the proceeds of the estate, and to be a percentage thereupon, after deducting the expense of management.

Security to be taken from, and allowances paid to, administrators.

7. The Judges of the Zilla Courts, on receiving information that any person within their respective jurisdictions has died intestate, leaving personal property, and that there is no claimant to such property, are to adopt such measures as may be necessary for the temporary care of the property, and to issue an advertisement in the current languages of the country, requiring the heir of the deceased, or any person entitled to receive charge of his effects, to attend for this purpose.

Procedure in cases of persons dying intestate, leaving personal property to which there is no claimant.

Such advertisement to be published on the spot where the property was found, at the Diwani Adalat cutcherry of the Zilla and if ascertainable, at the dwelling-place of the deceased, after which, should any person attend and satisfy the Judge of his title to the property, or to receive charge thereof as executor, administrator or otherwise, the same is to be delivered up to him, on repayment of any necessary expense incurred in the care of it.

Should no claim be preferred within the twelve months next ensuing, an inventory of the property and report of the circumstances of the case is to be transmitted to the (Governor-General in Council) for (his) orders.

8. Nothing in this Regulation is to be understood to limit or alter the jurisdiction of the Court of Wards in the appointment of managers or guardians for disqualified landholders, or in any case wherein a special power may be vested in the Court of Wards.

Saving of jurisdiction of Court of Wards.

DIRECTION AND EXPLANATIONS.

Column 2.—The yearly numbers commence with the first new case admitted in the year and proceed regularly through the 12 months, the last number thus recording the number of admissions in the year and corresponding with the total of column 12.

N. B.—The monthly aggregate of the daily total numbers treated divided by the number of days in the month gives the "*average daily sick*" required for the monthly return.

Column 3.—All the cases remaining at the end of a year are to be entered on the following 1st January by the previous year's yearly number and monthly date. Such cases and cases *remaining* from day to day will only re-appear on the date on which their result is recorded. Besides being recorded on the day of its occurrence, the result should also be noted (in red ink or in brackets) opposite the original entry.

Column 5.—Hindu, H.; Mussulman, M.; European, Eu.; Eurasian, Eu.; Native Christian, N. C., and other classes, O. C.

Column 6.—Male, M.; Female, F.; Children to be recorded as such under 10 years of age.

Column 9.—Diseases, injuries, operations, &c., are only to be denominated by the name and number specified in the official "Nomenclature," and no name is ever to be used that does not appear in that book.

If variety or subdivision is to be recorded, the letter or figure in the book must follow the number of the main disease

In the column headed "Otherwise" a reference number and foot-note are to be used to indicate the mode of discharge—unrelieved, absconded, removed by friends, &c.

When Police cases are admitted into hospital, they should be distinguished by the letter P being placed after the yearly number, as 5P on the 2nd January.

বিজ্ঞাপন।

এই পত্রিকা সঙ্গে করিয়া আনিবে নচেৎ ঔষধি পাইবে না।

ভারতবর্ষে সচরাচর যে সকল জ্বর হইয়া থাকে, তাহার নিবারণ ও চিকিৎসা করণার্থ উপদেশ।

ভারতবর্ষে সচরাচর যে সকল জ্বর হইয়া থাকে তাহা যে কোন কোন মশার কামড়ে হইয়া থাকে তাহার উত্তম প্রমাণ পাওয়া গিয়াছে। এই সকল জ্বরে সচরাচর প্রথমে শীত বা কম্প, তাহার পরে গায়ের তাপবৃদ্ধি এবং সর্ব্বশেষে ঘাম হইয়া থাকে। এই জ্বরগুলি সাধারণতঃ বর্ষার শেষে অত্যন্ত কঠিন ও সাঙ্ঘাতিক হইয়া থাকে এবং ওলাউঠা বসন্ত ও প্লেগ এই তিনটী রোগে যত লোকের প্রাণ নাশ করে তাহার দ্বিগুণ লোকের প্রাণ নাশ করিয়া থাকে।

অতএব কি করিলে এই সকল জ্বর কমাইতে, লোকের প্রাণ রক্ষা করিতে আর এই সকল জ্বরাদির জন্য লোকের যত কষ্ট হইয়া থাকে তাহা নিবারণ করিতে পারা যায় ?

প্রথমতঃ, আমাদিগের এই কথাটী মনে রাখিতে হইবে যে এই সকল জ্বর সংক্রামক। অতএব যে সব মশা এই রোগ ছড়াইয়া বেড়ায় রোগীকে সেই সব মশা যাহাতে কামড়াইতে না পারে তজ্জন্য আমাদের যথাসাধ্য চেষ্টা করিতে হইবে। যে মশারির ছিদ্র খুব ছোট এবং যাহাতে একটীও গর্ত্ত নাই রোগীকে তাহার ভিতরে রাখিলে তাহাকে মশার কামড় হইতে রক্ষা করা যাইতে পারে।

দ্বিতীয়তঃ, যদি রোগীকে একটা ঘরে একা রাখিতে পারা যায় তবে তাহাই করা উচিত এবং রোগী ছোট ছেলে হইলে তাহাকে একটা ঘরে একা রাখা আরও বেশী আবশ্যক। এবং রোগীকে কুইনাইন, সিন্‌কোনা ফেব্রিফিউজ বা জ্বরনাশক সিন্‌কোনা অথবা সিন্‌কোনা গাছের ছাল হইতে প্রস্তুত করা অন্য কোন ঔষধ খাইতে দেওয়া উচিত। যে ক্ষুদ্র জীব এই জ্বর করিয়া দেয় এই সকল ঔষধে তাহাকে দেহের রক্ত হইতে বাহির করিয়া ফেলে। ডাক ঘরে কুইনাইনের এক পয়সা দামের যে মোড়ক বিক্রয় করা হয় বয়স্ক বা বড় লোকের পক্ষে তাহাই যথেষ্ট মাত্রা বা পরিমাণ। ছেলেরা এই সকল জ্বরে অত্যন্ত ভোগে, অতএব জ্বর হইবামাত্রই তাহাদিগকে কুইনাইন দেওয়া কর্ত্তব্য। যে সকল স্থানে শরীর ভাল থাকে না এবং সর্ব্বদা জ্বর হয় সেই সকল স্থানে বড় লোকেরা যদি নিয়ম করিয়া সপ্তাহে দশ গ্রেণ করিয়া দুই বার কুইনাইন খান তাহা হইলে তাঁহাদেরও প্রায় কাহারও জ্বর হয় না।

তৃতীয়তঃ, আমাদিগকে এইরূপ চেষ্টা করিতে হইবে যে এই সকল সর্ব্বনেশে মশা আর না থাকে। ইহারা লোকের ঘরবাড়ী হইতে ৩০০ বা ৪০০ হাতের মধ্যে ছোট ছোট ময়লা ডোবায়, নর্দ্দামায় বা ছোট ছোট জলস্রোতে এবং পুকুরের ধারে জলের কাছে ঘাসের মধ্যে ডিম্ পাড়ে। বড় বড় জলাশয়ের জল নিকাশের উত্তমরূপ ব্যবস্থা করা, ছোট ছোট পুকুর ও ডোবা ভরাট করা এবং সমস্ত বদ্ধ জল সরাইয়া ফেলা ভাল। আমরা যদি সর্ব্বদা এত না করিতে পারি, তাহা হইলে গ্রামের নিকটের ছোট ছোট পুকুর, ডোবা ও নর্দ্দামা ভরাট করিয়া ফেলিলেই এবং পুকুরের জলের ধারের ঘাস কাটিয়া ফেলিলেই যথেষ্ট হইতে পারে। এই মশা কিরোসীন তেলে মরিয়া যায়। অতএব যদি খানিকটা তুলা কিরোসীন তেলে ভিজাইয়া এবং দড়ির এক দিকে বাঁধিয়া পুকুরের জলের উপর দিয়া এমন করিয়া টানিয়া লইয়া যাওয়া হয় যে জলের উপরে পাতলা এক পোঁছ তেল পড়িয়া যায়, তাহা হইলে মশার অধিকাংশ ডিম্ প্রভৃতি নষ্ট হইয়া যাইবে। দশ দিন অন্তর একবার করিয়া এইরূপ করিতে হইবে। মশা রাত্রি ভিন্ন প্রায় অন্য কোন সময়ে কামড়ায় না এবং খাদ্যের জন্য যতদূর না গেলে নয় তাহার বেশী দূরে যায় না। ঠাণ্ডা জায়গায় উহারা সমস্ত শীত কাল ঘুমায়। ঘরের দেয়াল ও সমস্ত এঁদো কোণ পরিষ্কার রাখা কর্ত্তব্য।

এখন যে প্রকার উপায়ের কথা বলিয়া দেওয়া হইল এই প্রকার সামান্য সামান্য উপায় অবলম্বন করায় অনেক জ্বরাক্রান্ত গ্রাম পূর্ব্বাপেক্ষা অনেক স্বাস্থ্যকর হইয়া উঠিয়াছে।

BENGAL MEDICAL FORMS.

ANNUAL INDENT for Medical Forms on the Bengal Forms Department. from 1st April 190 to 31st March 190 . For ____(a)____ *of* ____(b)____.

(DESIGNATION AND ADDRESS OF INDENTING OFFICER).

EXPLANATION AND INSTRUCTIONS :—

Indents should be prepared in duplicate with careful attention to the revised rules 1 to 6, section A, of the Rules for the Custody and Supply of Printed Forms, one copy being retained in the Indenting office and other being submitted to the Officer in charge of Forms Department, Bengal. Accompanying the latter copy an invoice sheet with columns 1 and 2 duly filled up (Form No. 4, Appendix I, of the Rules for the Custody and Supply of Printed Forms) should invariably be sent, which will be returned to the Indenting Officer with the forms when supplied, for his signature and for return again to the Bengal Forms Department as his receipt for the forms.

Indents should reach the Officer in charge of Forms Department, Bengal, by the 1st October of each year.

The indent form is designed to show the consumption of the indent year last completed (column 3) : the ascertained balance towards the end of it (column 4) : the new forms received or expected for the current indent year (column 5) : the actual consumption of the first six months and the estimated consumption of the second six months of the current indent year (columns 7 and 8) : and the anticipated balance at its close column 10). With these data before them officers should have no difficulty in framing a reasonable indent for the ensuing year on the basis of the actual consumption of the last completed indent year, the consumption (partly actual, partly estimated) of the

current indent year, and the estimated balance in hand at the commencement of the ensuing indent year, modified, if need be, by any circumstances anticipated during the year for which supplies are now indented for.

(*a*) Enter title of Indenting Officer, *i.e.*, Commissioner, Judge, Superintendent of Jail, Deputy Conservator, etc.

(*b*) Enter name of division, district, or circle, etc.

Column 3.—The period will be the last completed indent year, *i.e.*, the period shown in column 3 of Appendix II (A) of the Rules for the Supply and Custody of Printed Forms.

Column 5.—Not only forms actually received, but also forms, the receipt of which is expected during the current indent year, should be entered with a note in the remarks column of all such expected quantities included in this column.

Column 7.—The actual consumption as shown in the account of printed forms for the first six months of the current indent year should be entered in this column.

Column 8.—The entries should ordinarily be made on the basis of the actual consumption of the second six months of the preceding indent year. It would clearly be wrong to repeat figures representing consumption for the first six months in the case of forms of annual statements or register volumes opened in the first six months of the year which will suffice for the whole 12 months. When for any reasons the demand is in excess of the actual figures for the corresponding period of the preceding year, clear explanations should be given in the remarks column of the indent.

Columns 12 and 13 —Will be filled up by the Officer in charge of Forms Department, Bengal, Calcutta,

(9) Have you satisfied yourself that he maintains his acquaintance with current medical literature.	(9)

Civil Surgeon or Medical Officer,

Date _____. *District* _____

N. B.—(1) It is to be observed that there is still a tendency to report on officers in uniformly favourable and eulogistic terms; such reports are valueless as they make it impossible to discriminate between officers of ordinary attainments and those of more exceptional merit.

(2) The mere use of words "Yes" or "No" in reply to the answers should be avoided as they do not help the Inspector-General in forming an opinion.

Form No. XXXIV.

Bhagalpur Collectorate, the 10th January 1909. F. F. LYALL, Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Balasore, will be put up to sale at the Balasore Collectorate on the 5th day of February 1909, corresponding with 24th Magha 1316 U.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estates to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietory right of Government in such estates will be transferred to them subject to the revenue fixed for the term of the current settlement and liable to revision at each successive settlement.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

LEGISLATIVE DEPT.;
BOOK DEPÔT BRANCH,
The 28th December, 1908.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

APPENDIX TO

The Calcutta Gazette.

WEDNESDAY, JANUARY 13, 1909.

NOTICES TO MARINERS.

THE following Notices are published for general information.

T. BUTLER,
Secy. to the Govt. of Bengal.

CALCUTTA, *the 9th January 1909.*

AUSTRALIA, EAST COAST.

Cape Bowling Green light—Restoration of.

No. 22 (first publication).—With reference to Notices to Mariners Nos 272 and 273, dated the 1st July 1908, issued by this office, the Port Master, Brisbane, has given further notice (No. 9 of 1908) that the removal of Cape Bowling Green Lighthouse having been now completed, on and after the 20th December 1908, the Revolving Light will be exhibited as formerly.

From its former position the Lighthouse has been removed 1,170 feet in a direction S. 62° W. The elevation of the light remains unaltered.

Chart affected: No. 348; Australia Directory, vol. 2.

The 2nd January 1909.

AUSTRALIA—SOUTH COAST.

Caution—Cape Jaffa—Light-house under repair.

No. 1 (second publication).—The President of the Marine Board, Port Adelaide, has given notice (No. 25 of 1908) that for a period of about three (3) months, commencing on or about the 1st December 1908, the Cape Jaffa Lighthouse will be under repair, and that during that period the Light may be somewhat irregular, both in range of visibility and revolution, and in other respects. Masters of vessels and others are hereby warned.

This affects Admiralty Chart No. 1014.

AUSTRALIA, SOUTH—KANGAROO ISLAND, SOUTH-WEST COAST.

Cape de Couedic—Temporary light exhibited in course of erection of a lighthouse.

No. 2 (second publication).—The President of the Marine Board, Port Adelaide, has given notices (Nos. 26 and 27 of 1908) that a Lighthouse is in course of erection at Cape de Couedic, on the South-west coast of Kangaroo island.

The Light, which will be of the first order, revolving, double flash, is to be shown from a masonry tower 58 feet high, and will be visible about twenty-six miles, and is expected to be first exhibited about April 1909. Pending the completion of the above, a temporary fixed White Light is being exhibited. This is an ordinary Masthead Light, visible fifteen miles to seaward from east half north around to north-west half west approximately. This light will be continued until the first-order light is exhibited.

NOMINATION OF A MEMBER OF THE BENGAL LEGISLATIVE COUNCIL ON THE RECOMMENDATION OF THE MUNICIPALITIES OF THE BURDWAN DIVISION.

RESOLUTION—No. 204A.

APPOINTMENT.

Calcutta, the 8th January 1909.

THE seat in the Bengal Legislative Council of the Hon'ble Babu Kali Pada Ghosh, who was nominated as the representative of the Municipalities in the Orissa and Chota Nagpur Divisions on the 9th March 1907, will be vacant on the 8th March 1909.

2. In paragraph 5 of the Resolution of this Government, No. 1553J., dated the 25th March 1893, it was prescribed that Municipalities should be grouped together, Division by Division, and that Municipalities within each Divisional area should take it in turns to exercise the privilege bestowed upon them of recommending a person for nomination to the Council. In the same paragraph a sketch was given of the form which the rotation would probably assume; but it was mentioned that the Lieutenant-Governor could not bind himself or his successor as to the exact order in which the privilege would in future be exercised.

3. When in January 1907 the term of the appointment of Mr. Jogesh Chandra Chaudhuri, who was nominated on the recommendation of the Municipalities of the Rajshahi Division, to be a Member of the Bengal Legislative Council, expired, it was the turn of the Municipalities of the Burdwan Division to recommend a person for nomination to the Council in accordance with the rotation determined in this Government's Resolution, No. 1553J., dated the 25th March 1893. As, however, important legislation affecting the Orissa and the Chota Nagpur Divisions was likely to be introduced at that time, the Municipalities of those Divisions, instead of the Burdwan Division, were given the privilege of recommending a person for nomination to the Council.

The Lieutenant-Governor has decided that the recommendation on the present occasion should be made by the Municipalities of the Burdwan Division. The necessary notification will now be published in the *Calcutta Gazette*, specifying the Municipalities in this Division as the group of Municipalities on whose recommendation the Lieutenant-Governor will make a nomination to the vacant seat. Only those Municipalities, which enjoy a clear income from Municipal resources proper of Rs. 5,000 and over, will exercise the right of voting for the selection of a candidate for nomination to the Council. The voting power of each Municipality is calculated on the basis of its ordinary income, according to the following scale, as laid down in paragraph 6 of the Resolution of this Government, No. 2307A., dated the 31st March 1897:—

					Votes.
		Rs.		Rs.	
Municipalities with an income of		5,000	and less than	10,000	... 1
Ditto	ditto	10,000	ditto	20,000	... 2
Ditto	ditto	20,000	ditto	50,000	... 3
Ditto	ditto	50,000	ditto	1,00,000	... 4
Ditto	ditto	1,00,000	ditto	1,50,000	... 5
Ditto	ditto	1,50,000 and over		...	... 6

4. The following statement shows the Municipalities in the Burdwan Division, which will send delegates to vote for a person to be recommended for the vacant seat, and the number of votes assigned to each according to the above scale. Each Municipality will elect one representative only, and he will be entitled to exercise all the votes of the body which he represents. The ordinary income taken is that for 1907-08.

5. Under Rule IV of the Regulations framed by the Governor-General in Council with the approval of the Secretary of State under section 1 (4) of the Indian Councils Act, 1892, for Bengal, the Lieutenant-Governor now desires the Commissioner of the Burdwan Division at once to address the Chairmen of the Municipalities enumerated in the above list, requesting them to convene a special meeting of the Commissioners of each Municipality at which one of them should be selected to represent the Municipality for the purpose of making the recommendation for the seat in Council and at the same time expressing his desire to receive the names of any candidates for the Council who may offer themselves for recommendation.

6. The period of three months laid down in Rule VII of the Regulations as that within which a recommendation shall be made to the Lieutenant-Governor will run from the date on which the Commissioner issues his request to the Chairmen of the Municipalities.

7. All candidates for the Council should be proposed and seconded by two Commissioners of one of the Municipalities included in the group; and their names, addresses and qualifications, with those of their proposers and seconders, should be reported to the Commissioner of the Division by the Chairman of the Municipality to which the proposer and seconder in each case belong, so as to reach him not later than a month before the date fixed for the appointment of a representative under Regulation V (*c*), which date should at the same time be notified to the Commissioner. It will be the business of each Chairman to see that this is done.

8 The Commissioner should enter the names of candidates who have been duly proposed and seconded, with those of their proposers and seconders, and the other particulars above noted, as they reach him, in a list to be kept for the purpose; and he should circulate this list to all Municipalities included in the group, so as to reach them before the date fixed for the appointment of a representative. On the date on which the meeting for the purpose of appointing a representative is held, the list of candidates mentioned above should be circulated to each member present at the meeting. It will rest with the Municipalities, if they see fit, to give clear and definite instructions to their representatives as to the way in which they should vote, that is, as to the candidate for whom they should vote, declaring the name of the candidate to whom all their votes should be given, or, if to be given to more than one candidate, the order and manner in which such votes should be given.

9. As soon as the representatives have been selected, they will be called upon by the Commissioner of the Division to meet together on an early and convenient date, with special reference to the limit imposed by Rule VII of the Regulations, and at such convenient place as he may specify, for the purpose of electing, by a majority of votes, a person whom they will recommend to the Lieutenant-Governor to be nominated as a Member of the Council.

10. The electoral representatives present at this meeting shall elect one of themselves to be Chairman, and he shall preside and be responsible for the fair and proper conduct of the voting.

11. The names of all candidates entered on the list mentioned above, together with those of their proposers and seconders, shall be read out by the Chairman, and the representatives shall then proceed to vote. The person elected must obtain a majority of the votes of the representatives present. If on the occasion of the first vote, an absolute majority is not obtained, the name of the candidate who obtains the least number of votes shall be withdrawn from the election, and another vote shall then be held for the remaining candidates, and so on, until an absolute majority is obtained.

12. The Chairman of the meeting shall without delay report to the Commissioner of the Division the name of the person elected, with the number of votes obtained, and any other information which it may appear desirable to communicate, and he shall, on behalf of the meeting, recommend to the Lieutenant-Governor the nomination to the Council of the person so elected. The Commissioner shall submit the report from the Chairman of the meeting, with any observations he may wish to add, to the Chief Secretary to the Government, by whom the recommendation will be submitted to the Lieutenant-Governor.

13. Attention is drawn to Rule VI of the Regulations framed by the Governor-General in Council with the approval of the Secretary of State, which runs as follows:—

VI.—It shall be a condition in the case of any person to be recommended by a Municipal Corporation or group of Municipal Corporations that he shall be a person resident within the Municipality or the district in which it is situated, or in some one of the Municipalities constituting the group or of the districts in which they are situated.

A similar condition shall also apply to persons to be recommended by District Boards.

Explanation.—A person is not "resident" within the meaning of this Rule unless he has a place of residence in the locality concerned, and such practical connection with that locality as qualifies him to represent the inhabitants thereof.

If at any time the question is raised whether a person proposed for election is "resident" within the meaning of this rule, the question shall be referred to, and decided by, the Local Government, whose decision shall be final.

Under this rule it is not necessary that the person recommended should be a member of any Municipality concerned, but he must be resident within the Division from which the recommendation is made. Subject to this condition, the rules declare no limit of qualification, and it is left to the representatives to recommend a person under Rule V (*c*) according to the majority of their votes.

14. It is desirable that the subsidiary arrangements now sanctioned shall, as far as possible, be given effect to by the Municipalities concerned with the minimum amount of official interference. The Divisional Commissioner and the District Magistrates will, of course, afford any assistance which may be required, and will do their utmost to facilitate the smooth working of the elections; but Government officers are forbidden to take part, directly or indirectly, in the election by canvassing, influencing votes, or otherwise interfering with the free choice of the Municipalities. No indication should be given by any official member of any of the Municipalities concerned as to the manner in which he himself intends to vote.

Ordered that a copy of this Resolution be furnished to the Commissioner of the Burdwan Division, for information and guidance, and for communication to the Municipalities in his Division.

Ordered also that a copy be published in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

F. W. DUKE,

Offg. Chief Secy. to the Govt. of Bengal

35	FEUDATORY STATES, ORISSA.*	Inches.	.....	.....	No rain during the week. Weather generally cold in almost all the States. Harvesting of pulses and oilseeds in progress in Rairakhol, Talcher, Athgarh, Dhenkanal, Patna, Kalahandi, Nayagarh and Nilgiri. Pressing of sugarcane going on in Baramba, Khandpara, Daspalla, Bonai, Keonjhar, Boad, Dhenkanal, Kalahandi, Gangpur and Nilgiri. State of standing crops good in Daspalla, Talcher, Hindol, Boad, Dhenkanal and Gangpur. Fodder and water sufficient. Price of rice varying from 9 seers in Keonjhar and 12 seers in Mayurbhanj, Pal-Lahera and Narsingpur to 17 seers in Talcher and 18 seers in Patna.

* The report is for the week ending the 2nd January 1909.

GENERAL SUMMARY.—There was practically no rain again in the week under report. Some light showers were received only in Singhbhum and in the Sasaram subdivision of Shahabad. The harvesting of pulses and of early oilseeds is still continuing in Nadia, Jessore, Purnea and Cuttack and sugarcane-pressing is in progress in Bihar and Orissa. The harvesting of *aman* paddy has not yet been completed. Preparation of lands for planting of sugarcane has commenced in Saran, Sambalpur, Hazaribagh and Ranchi. *Rabi* crops are in need of rain, and the crops on unirrigated areas in Gaya, Saran, Muzaffarpur and Darbhanga are suffering for want of moisture. Prospects of these crops are unfavourable in North Bihar and in parts of Burdwan, Murshidabad, Khulna and the Sonthal Parganas. Distress is reported from several thanas of Purnea due to scarcity and high prices of food-grains, and arrangements for relief are being made for those who are in distress. The price of common rice has fallen in Burdwan, Bankura, Hooghly, Nadia, Murshidabad, Patna, Gaya, Shahabad, Darjeeling and Manbhum, and has risen in Khulna, Darbhanga, Purnea, Balasore, Hazaribagh, Ranchi and Cooch Behar. Cattle-disease exists in Midnapore, Nadia, Muzaffarpur, Darbhanga, Puri, Sambalpur and in Chota Nagpur, Singhbhum excepted. Scarcity of water-supply is reported from Muzaffarpur, Purnea and the Sonthal Parganas. The number of persons on test-works in Darbhanga was 16,132. Gratuitous relief was given to 1,374 persons in Orissa and 975 persons in Darbhanga.

SUMMARY OF RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE MONTH OF DECEMBER 1908.

The month under review was rainless, a few light scattered showers excepted in the districts of Gaya, Shahabad, Darbhanga, Bhagalpur and Purnea in Bihar and a nominal shower in Palamau in Chota Nagpur. During the year 1908, South-West Bengal received 93 per cent., Bihar 58 per cent., Orissa 89 per cent. and Chota Nagpur 84 per cent. of the normal. Bihar was the only division where the deficiency was noticeably marked.

The following table compares the rainfall in the four divisions during the month of December with the normal fall, the actual being given as a percentage of the normal. The table also shows the actual falls for each of the previous months of the year expressed in the same way, and the last column of the table shows the total rainfall of the past twelve months of the year 1908:—

Meteorological Divisions	January.	February.	March	April	May.	June.	July.	August	September.	October	November.	December	Actual rainfall of first twelve months of 1908 expressed as a percentage of the normal fall for the period.

The mean pressure, temperature, etc., are deduced from the tracts of the Kundsen's Barograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the regradings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

☁, dew.

The Second Schedule above referred to.

1. The endowment hereby created shall be called the Mukta Keshi Debi Widow Fund, and its object is to support and maintain four impoverished Hindu Brahmin widows of good character residing in Sridharpur and adjoining villages in the district of Burdwan.

2. The selection of widows to receive the benefit of the said endowment shall be vested in Babu Hira Lal Mukherjee during his life, and after his death shall be vested in a local Committee consisting of—

(1) The heir or representative of the said Babu Hira Lal Mukherjee.

(2) The Addhyapak of the said Hira Lal Mukherjee's Sanskrit College (called Hira Lal Chattuspathi at Sridharpur).

3. In the event of any disagreement between the two members of the Committee, the selection of such widows shall devolve on the Principal for the time being of the Government Sanskrit College at Calcutta.

4. The amount of interest accruing on the securities shall be remitted by the Accountant-General periodically to the Principal for the time being of the Government Sanskrit College at Calcutta by means of orders payable at the Calcutta Treasury, and the Principal for the time being of the said Government Sanskrit College shall place the same in the Postal Savings Bank to the credit of the account to be opened by him in the name of the fund.

5. The Principal for the time being of the said Government Sanskrit College at Calcutta shall apply the interest or income so received by him in the maintenance or support of the selected recipients in accordance with bills to be presented to him by the Donor, the said Babu Hira Lal Mukherjee, during his lifetime and after the death of the Donor by his heirs or representatives.

6. If the Principal for the time being of the said College shall neglect or refuse to receive and apply the said income in manner aforesaid or if the said office of Principal shall cease to exist, the application of the said income shall be made in accordance with such directions or bills as aforesaid by such person and in the absence of such directions or bills in such manner as the Local Government shall direct.

7. In the event of both of the persons appointed as aforesaid to make selection of recipients of the income of the said endowment being absent or not available or if there shall be no person living answering to the description of either class mentioned in clause 2 hereof, then such selection shall be made in such manner as the Local Government shall direct.

8. The payment of any part or the whole of the said income to anyone or more or all of such widows selected as aforesaid may at the option of the selectors be at any time discontinued, altered or increased in the discretion of the selectors.

DECLARATION.

No. 307J.—The 16th January 1909.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Chowrassie branch of the Bengal-Nagpur Railway and Nos. 1, 2 and 3 sidings of the Chowrassie Colliery off the same and whereas coal mines are situate under the said land, and whereas the Equitable Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as the Dishargarh seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Equitable Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Equitable Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

(*a*) Where the distance from the surface to the top of the gallery, if driven, is less than 400 feet, galleries shall be driven with 50 feet centres.

(*b*) Where the distance from the surface to the top of the gallery exceeds 400 feet, galleries shall be driven with not less than 60 feet centres upon the line of strike and 70 feet centres upon the line of dip.

(*c*) No gallery shall exceed 12 feet in width by 12 feet in height.

(*d*) Manholes not exceeding 6 feet in height by 3 feet in width by 4 feet in depth may be made where required by any rule under the Indian Mines Act, 1901.

(*e*) The 400 feet contour line is shown approximately upon the plan L.A.M.A No. 104.

(*f*) The above restrictions apply to the Dishargarh seam only and to the area edged in pink on the plan, and the Equitable Coal Company, Limited, shall give notice, under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work the seam under the above area or to work coal under any other area of acquired land, and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L.A.M.A. No. 104 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

GEOLOGY AND MINERALS.

Dated Calcutta, the 30th December 1908.

No. 11793—103.—In exercise of the powers conferred by section 20 of the Indian Mines Act, 1901 (VIII of 1901), the Governor-General in Council is pleased to make the following rules for the whole of British India in respect of all mines:—

No. 302—95-5, dated 27th January 1904.
No. 3932—36, dated 10th May 1907.
No. 7861—36, dated 19th September 1907.
No. 10014—100, dated 4th December 1907.

The notifications noted on the margin are hereby cancelled.

Annual returns.

1. Forms I, II, III and IV in the Schedule hereto annexed shall be (1) filled up in duplicate by the agent, or, if there is no agent, by the owner or manager of a mine, and one copy of each shall be forwarded to the Chief Inspector of Mines and the other to the District Magistrate not later than the 1st February (2) in each year.

Notice of abandonment.

2. When a mine, seam or vein has been abandoned for more than one month, or the working thereof discontinued for more than two months, the owner of the mine, seam or vein shall within seven days after the expiry of such period send notice to the Chief Inspector of Mines specifying the name and situation of the mine, the name of the owner and the date and cause of abondonment or discontinuance

Notice of re-opening.

3. When a mine, seam or vein is re-opened after abandonment or discontinuance, the owner shall send notice to the Chief Inspector of Mines within one month after the date of re-opening.

Change of name of owner, or of mine.

4. When a change occurs in the name of a mine, or of an owner or agent of a mine, notice of the change shall be sent by the owner, agent or manager to the Chief Inspector of Mines within one month after such change.

Notice of extension to vicinity of railway.

5. If the owner, agent or manager of any mine intends to extend any mining operations under his control at or to any point within fifty yards of any railway subject to the provisions of the Indian Railways Act, 1890, he shall give the Chief Inspector of Mines and the Railway Administrations concerned notice in writing of his intention so to do sixty days before the commencement of such extension.

Exp'ry of notice under rule 5.

6. If the operations in respect of which notice is given under rule 5 are not commenced within twelve months from the expiry of the period of sixty days therein referred to, the notice shall be held to have expired, and a fresh notice shall be given by the owner, agent or manager of the mine, under rule 5.

Particulars to be given in notice under rule 5.

7. The notice to be given under rule 5 shall specify the position of the working of the mine in relation to the railway in question, the manner in which it is proposed to carry out the intended new operations, the limits to which it is proposed to carry the said operations, and whether the operations are actually in progress, and shall include a plan showing the existing and the intended mining operations in so far as they affect the railway in question.

Notice of accident.

8. When an accident occurs in or about a mine causing loss of life or serious bodily injury, or when an accidental explosion occurs in a mine, the owner, agent or manager of the mine shall within twenty-four hours of the occurrence of such accident, give notice of the accident to the Chief Inspector of Mines by despatching to the Magistrate of the district or to the Subdivisional Magistrate, for transmission to the Chief Inspector of Mines, a notice in form V in the schedule hereto annexed.

Explanation.—An injury is said to be serious which involves or will in all probability involve the loss of or permanent injury to any limb, or to the sight or hearing, or fracture of any limb, or enforced absence from work for twenty days, or which is declared by any medical officer to be serious.

Notice of deaths from injuries.

9. When any person dies from the result of an injury already reported as serious under rule 8, the owner, agent or manager of the mine shall send notice, within twenty-four hours of his being informed of the death, to the Chief Inspector of Mines, through the Magistrate of the district or the Subdivisional Magistrate.

(1) Under section 23 (1) (b) of the Indian Mines Act, failure to forward correct returns to the Chief Inspector of Mines not later than 1st February in each year will render the agent, owner or manager liable on conviction to a penalty which may extend to Rs. 500.

(2) It will greatly facilitate the preparation of the Statistics if the returns are despatched as soon as possible after the close of the year.

10. From every order passed by the Chief Inspector of Mines under section 6, clause (*d*), an appeal shall lie to the Mining Board, if a Mining Board has been constituted under section 9 of the said Act for the Province or part of the Province where the mine in respect of which the order was made is situate and elsewhere to the Chief Controlling Revenue authority, as defined in section 2, clause (8), of the Indian Stamp Act, 1899 (II of 1899).

Bhagalpur Collectorate, the 10th January 1909. F. F. LYALL, Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Balasore, will be put up to sale at the Balasore Collectorate on the 5th day of February 1909, corresponding with 24th Magha 1316 U.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estates to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietory right of Government in such estates will be transferred to them subject to the revenue fixed for the term of the current settlement and liable to revision at each successive settlement.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of the Governor General on the 15th January 1908 and is hereby promulgated for general information:—

ACT NO. I OF 1909.

An Act further to amend the Inland Steam-vessels Act, 1884, and the Indian Steamships Act, 1884.

VI of 1884. VII of 1884. WHEREAS it is expedient further to amend the Inland Steam-vessels Act, 1884, and the Indian Steamships Act, 1884; It is hereby enacted as follows:

1. This Act may be called the Indian Steamships Law Amendment Act, 1909.

Short title.

The Inland Steam-vessels Act, 1884.

2. After section 68 of the Inland Steam-vessels Act, 1884, the following shall be inserted, namely:— I of 1884.

Insertion of new section 68A in Act VI, 1884.

"68A. The provisions of this Act shall apply to vessels which ordinarily ply on inland waters and are propelled by electricity or other mechanical power, with such modifications as the Governor General in Council may prescribe for the purpose of adaptation."

Application of Act to vessels propelled by electricity or mechanical power.

The Indian Steamships Act, 1884.

3. For section 4 of the Indian Steamships Act, 1884, the following shall be substituted, namely:— VII of 1884.

Substitution of new section 4, Act VII, 1884.

"4. No steamship shall carry more than twelve passengers between places in British India or to or from any place in British India, from or to any place out of British India, unless she has a certificate of survey under this Act in force and applicable to the voyage on which she is about to proceed, or the service on which she is about to be employed."

No steamship to carry passengers without a certificate of survey.

4. For section 23 of the said Act the following shall be substituted, namely:—

Substitution of new section 23, Act VII, 1884.

"23. (1) When a steamship requires to be furnished with a certificate of survey under this Act and the Local Government is satisfied, by the production of a certificate of survey attested by a British Consular Officer at the port where the survey was made, that the ship has been officially surveyed at a foreign port, and that the requirements of this Act are proved by that survey to have been substantially complied with, the Local Government may, if it thinks fit, dispense with any further survey of the ship in respect of the requirements so complied with, and give a certificate which shall have the same effect as a certificate given after survey under this Act:

Steamships with foreign certificates of survey or certificates of partial survey.

Provided that this sub-section shall not apply in the case of a foreign steamship to an official survey at any foreign port with respect to which His Majesty has by Order in Council directed

that section 363 of the Merchant Shipping Act, 1894, shall not apply.

57 & 58 Vict., c. 60.

(2) When the Local Government has, by notification in the local official Gazette, declared that it is satisfied that an official survey at any foreign port specified in the declaration is such as to prove that the requirements of this Act have been substantially complied with, any person appointed by the Local Government, by name or as holding any office, may exercise the power to dispense with a survey and to give a certificate conferred on the Local Government by sub-section (1) in the case of any steamship furnished with a valid certificate of survey granted at such foreign port and duly attested by the British Consular Officer at that port.

(3) The procedure prescribed in sub-section (1) shall be applicable in the case of steamships furnished with valid certificates of partial survey, including docking certificates, granted by the Board of Trade or any British Colonial Government, as if they were steamships furnished with like certificates of survey granted at foreign ports, subject to the modification that the powers of the Local Government under the said sub-section may be exercised by any person appointed by the Local Government, by name or as holding any office, in this behalf."

Insertion of new section 40 in same Act.

5. After section 40 of the said Act the following shall be inserted, namely:—

Application of Act to ships propelled by electricity or mechanical power.

"41. The provisions of this Act shall apply to ships propelled by electricity or other mechanical power, with such modifications as the Governor General in Council may prescribe for the purpose of adaptation."

From—C. E. A. W. OLDHAM, Esq., Secy. to the Govt. of Bengal, Financial Department,

To—The Commissioner of the Burdwan Division.

I AM directed to refer to the correspondence ending with your letter No. $\frac{6J.G.-28}{XLIII-5}$, dated the 7th January 1909, on the subject of the creation by Babu Hira Lal Mukherjee of Sridharpur, in the district of Burdwan, of an endowment of Rs. 3,300 to be called "The Mukta Keshi Debi Widow Fund" for the benefit of impoverished or indigent Hindu Brahmin widows.

2. I am to request that you will be so good as to convey to the donor an expression of the Lieutenant-Governor's appreciation of his liberality and public spirit.

RESOLUTION ON THE FINAL REPORT ON THE SURVEY AND SETTLEMENT OF NORTH MONGHYR.

REVENUE DEPARTMENT—LAND REVENUE.

Calcutta, the 21st November 1908.

RESOLUTION—No. 4553.

READ—

The Final Report on the Survey and Settlement Operations in North Monghyr.
Letter No. 1862, dated the 30th June 1908, from the Director of Land Records, submitting the Report.

THIS report, which deals with the survey and settlement operations carried out in that portion of the district of Monghyr which lies to the north of the Ganges and in certain Government estates south of the river, has been submitted by Mr. H. Coupland, I.C.S. Traverse survey was commenced in October 1899, and cadastral survey and initial record-writing and attestation were done under the supervision of Mr. J. H. Kerr, I C.S., Settlement Officer of North Bihar. Mr. Coupland succeeded him in April 1903 and was in charge until the completion of the operations in October 1904. The report follows the general lines of those on the survey and settlement of Saran and Darbhanga. To a great extent the same procedure was adopted in the settlement; the same series of practical difficulties were experienced, and the discussion of subjects of general interest in the final reports of those districts is, for the most part, equally relevant to the area dealt with in the present report.

Features of the work.

2. The settlement of North Monghyr was taken up for reasons similar to those which led to the survey and settlement of the four districts of North Bihar comprised in the Patna Division, and the present report discloses a state of things much the same as that which was commented on in paragraph 2 of the Resolution (No. 1472T.—R., dated the 20th June 1904), on the final report for Darbhanga. Generally, the evils that were met with were the illegal enhancements of rents, the illegal dispossession of raiyats, and rack-renting at exorbitant produce rates. In the area owned by the Sonbarsa estate of the district of Bhagalpur the practice was first encountered of compelling raiyats to periodically execute revised agreements at enhanced rents. In another large area owned by Ram Bahadur Singh and his uncle Udit Narayan Singh (now under the Court of Wards), there was wholesale concealment, and, in several cases, the actual dispossession of raiyats. In the village of Rani, the tenants of 677 bighas of land were admitted to occupation on condition that they executed contracts to pay produce-rents under the system known as *mankhap*. The fixed quantity of produce to be paid as rent was five to six maunds, and the following extract from the Settlement Officer's report shows how oppressive the terms were:—

"The peculiarity of these agreements was, however, that the produce-rent was calculated in terms of special crops, such as chilis, tobacco, wheat, maize, etc., and it was stipulated that where the tenant did not grow these particular crops, payment was still to be made at their equivalent in money, subject to a modest maximum of Rs. 50 per bigha in case the value of these crops happend to be excessively high. A further stipulation was that, if the tenant cultivated the land, or allowed it to be cultivated with indigo, he should pay an annual rent of Rs. 100."

In this case the landlord had obtained possession of the lands from an indigo factory. Under the law he was entitled either to cultivate them himself or to let them to tenants at such rates as they were willing to pay. The lands are situated in thana Teghra, where the population is 966 to the square mile, and the limits of cultivation have practically been reached. The average rent incidence for the thana is Rs. 3-11, and the difference between that rate and the value of the *mankhap* rates roughly indicates the effect of the Bengal Tenancy Act in restraining rack-renting in densely populated districts. It is this enormous difference between the statutory rent and the rack-rent which constitutes the chief incitement to illegality; and the recent great advance in

the value of food-grains has increased that difference, and the consequent temptation to the landlords. In the western portion of the area, estates have been so subdivided that many landlords cannot live on their shares of the rent, and are exposed to an additional temptation to gain possession of the land. The preparation of the record-of-rights has had the double effect of educating the cultivators in their rights, and of giving them title-deeds thereto, though the unfortunate procedure adopted in rent and title-suits by some members of the local judiciary at the close of the settlement, which incidentally resulted in the amendment of the Tenancy Act, to some extent diminished the value of the settlement to the cultivators. It is clear that the struggle between landlord and tenant is still undecided, and that the development of the economical situation will have to be carefully watched, and possibly, after an interval, tested by a fresh settlement; for the growth of rack-renting in a population which is practically solely dependent on agriculture for the means of life could only result in agrarian discontent comparable to that which disturbed Ireland for fifty years.

General Statistics.

3. The three thanas of North Monghyr, viz., Teghra, Begusarai and Gogri, comprise a total area of 1,516 square miles, of which 190 square miles, that had previously been dealt with in connection with the survey and settlement of the Narhan and Srinagar-Banaili estates, were excluded from the operations. Including Government estates on the south of the Ganges, the total area covered by the traverse survey is 1,596 square miles. The cadastral survey extended over 1,497 square miles, and records were finally published for 1,371 square miles. The average density of population in North Monghyr is 673 per square mile, but there is considerable variation amongst the component thanas. In Teghra the population has reached the very high figure of 966 per square mile, as against 901 in Saran. The corresponding figures for Begusarai and Gogri are 803 and 530, respectively. Hindus form 76 per cent. of the population and the two prominent castes are Babhans and Goalas, whose quarrelsome habits and love of litigation added considerably to the difficulties of the task of the Assistant Settlement Officers. In North Monghyr, taken as a whole, 69 per cent. of the land is under cultivation, but thana Teghra, with an uncultivated area of only 21 per cent., is practically on a level with Darbhanga, Muzaffarpur and Saran. Begusarai comes next with 27 per cent., while Gogri has 36 per cent. of its area still uncultivated. About one-eleventh of Teghra, one-ninth of Begusarai and one-sixth of Gogri have been recorded as culturable, but not cultivated. North Monghyr does not depend much on winter rice which occupies only 21 per cent. of the total cropped area. *Rabi* or spring crops predominate in all thanas and average 66 per cent. of that area, and *bhadoi* or autumn crops average 43 per cent., more than one-third of the cultivated area being twice cropped. Although, therefore, at least 70 per cent. of the population depends directly on agriculture, North Monghyr is less liable to suffer from a failure of the monsoon than tracts where winter rice is the only or the principal crop.

4. The 1,653 villages comprised in the area average rather less than a square mile in extent, the largest village, Binda Diara, covering 43 square miles, and the smallest, Arazi Panapur, only one-sixth of an acre. The average size of a holding was found to be 2·9 acres and of a plot ·7 of an acre In Darbhanga holdings averaged just over 2 acres, and plots two-fifths of an acre. Extreme subdivision of proprietary interests, which added greatly to the difficulties of the settlement work, was found to prevail in thanas Teghra and Begusarai, the smallest recorded subdivision of an estate being $\frac{1}{2,480,000,000}$ of a one-sixteenth share.

Status.

5. The occupied area of 78 per cent. is less than that of Muzaffarpur (88 per cent.), Saran or Darbhanga (86 per cent). Settled and occupancy raiyats and raiyats at fixed rates hold 81·52 per cent. of the occupied area, as against 85 in Darbhanga. Proprietors and tenure-holders hold direct 14 per cent., rent-free-holders 1 per cent., and raiyats with insecure rights 4·5 per cent. The proportion of the last named, which is larger than in other North Bihar districts previously dealt

with, is due to a proportionately larger extent of *diara* area and to recent extension of cultivation in the swamps of Gogri. Under-raiyats hold 2½ per cent. of the occupied area. As usual, occupancy holdings form the vast majority, and it is observed that there is little to show that raiyati interests are to any great extent being transferred to non-agriculturists for the purpose of sub-letting. In thanas Teghra and Begusarai, which surpass the rest of North Bihar in point of minute subdivision of proprietary interests, 4 and 5 acres, respectively, represent the average extent of the individual proprietor's estate. In thana Gogri each proprietor's interest averages 69 acres. There is, fortunately for the settlement and registration officers, no complicated sub-infeudation, such as is common in Lower Bengal.

Incidence of rent and revenue.

6. Occupancy-raiyats paying cash rents in North Monghyr pay on an average Rs. 2-15-4 per acre, as compared with Rs. 3-12-3 in Muzaffarpur, Rs. 4-5-4 in Saran, Rs. 1-14-11 in Champaran and Rs. 3-12 in Darbhanga. But the comparative lowness of the rates is due to the inclusion of Gogri, where physical difficulties have retarded the spread of cultivation. In Teghra and Begusarai the rates approximate to Bihar standards. As might be expected rents are highest under petty proprietors and native farmers, and are fairly lenient under indigo factories. Under-raiyats in the two western thanas pay about Rs. 5 an acre, which exceeds the rates in Darbhanga and Muzaffarpur and is only slightly less than in Saran. Including the value of produce-rents and of the nett produce of the area under direct cultivation, the total assets of the zamindars in North Monghyr are calculated at Rs. 23,83,629. The Government revenue payable thereon is Rs. 3,74,060. The incidences per acre are Rs. 2-9-9 and annas 6-7 respectively. The zamindars thus enjoy 85 per cent. of the assets.

Settlement of rents.

7. Most of the land in North Monghyr is owned by petty proprietors, and, in consequence, the applications for the settlement of fair rents were comparatively few. Rents were settled in respect of only 1·98 per cent. of the total number of raiyati holdings. The enhancement over the existing rental amounted to 4·66 per cent. Of the total enhancement 77 per cent. was on the ground of increase in area of the holding. In no case was the rate of rent increased in thanas Teghra and Begusarai. Petty proprietors are seldom in a position to prove a prevailing rate, and enhancements prior to the settlement had been so frequent and in many cases so recent that it was impossible for the landlords to obtain any further increase on the ground of a rise in prices. Tenants in their turn did not take much advantage of the opportunity of having rents reduced under section 52 (*b*) of the Bengal Tenancy Act.

Temporarily-settled and Government Estates.

8. The temporarily-settled and Government estates settled in the course of the survey and record-of-rights number 79, comprising an aggregate area of 152 square miles. Forty-five of these are *diaras* or recent alluvial formations. The results of the settlement of fair rents, so far as cash rents are concerned, are as follows:—

	Area in acres.	Incidence of rent per acre. Existing.	Settled.
		Rs. A. P.	Rs. A. P.
(1) Tenure-holders	14,986	0 15 2	0 14 2
(2) Tenants holding under Government or settlement-holders or farmers	43,201	2 8 1	2 14 11
(3) Tenants holding under tenure-holders	519	3 2 5	3 11 1
(4) Under-tenants	902	1 4 8	2 2 0

In the vast majority of cases the rents proposed were accepted by the tenants and they are generally below the rates prevailing in private estates. But the value of such comparisons, and even of a comparison of the old and

new rents of the estates themselves, is considerably modified by the fact that a very considerable proportion of the area is subject to the effects of fluvial action. The Lieutenant-Governor is satisfied that the enhancements made were fully justified. In all cases of considerable increase progressive enhancement was allowed. The existing Government revenue demand has been raised from Rs. 1,03,925 to Rs. 1,28,818, the increase being rather less than 24 per cent. The incidence of revenue per acre has risen from Rs. 1-9-10 to Rs. 2-0-1. The settlement of these estates is confirmed by the Lieutenant-Governor.

Material condition of the agricultural classes.

9. Cultivators of North Monghyr are better off than those of the adjoining district of Darbhanga, which depends to a dangerous degree on a single crop, namely, winter rice. In thanas Teghra and Begusarai high rents and extreme pressure of population on the soil are counterbalanced by a highly productive soil, specially favourable to the growth of the more valuable autumn and spring crops; while in Gogri rents are low and land is abundant and gives a fair return without any great expenditure of money on cultivation. The estimated holding of the average cultivating family is about 4½ acres, which is much above the theoretical minimum subsistence holding of 2½ acres. The statistics of indebtedness which were collected, point, with all their imperfections, to a degree of solvency superior to that of adjoining Bihar districts.

Cost of the operations.

10. The total cost of the operations amounted to Rs. 6,13,095 of which Rs. 5,44,239 are chargeable to the permanently-settled zamindari estates, and the remaining Rs. 68,856 to the temporarily-settled and Government estates. The average incidence of cost over the 1,371 square miles in respect of which a record-of-rights was prepared has been calculated at Rs. 447-15-6 of which Rs. 185-13-4 would represent the charge for traverse and cadastral survey and Rs. 262-2-2 for settlement. But for an excess area of 225 square miles traversed and of 120 square miles cadastrally surveyed, the cost rate for the survey work, it is reported, would have come to Rs. 167-6-9. The expenditure on the settlement portion of the work was augmented by the comparatively small area dealt with and by the special difficulties in thanas Teghra and Begusarai which were anticipated and provided against by the employment of a specially selected and strong staff. The total cost rate, which comes to annas 11·2 per acre, is about the same as in Saran and Darbhanga, but is considerably higher than the rates of Muzaffarpur (annas 8-8) and Champaran (annas 6-6). The Lieutenant-Governor is satisfied that the operations were carried out as economically as was possible under the circumstances.

Recovery of costs and popularity of records.

11. The results of the recovery operations proved as satisfactory as in other North Bihar districts, and are a sure indication of the value attached by the people to the record-of-rights. The total amount apportioned to landlords and tenants of the permanently-settled estates, who numbered over 3½ lakhs, was Rs. 3,70,784. It was collected in less than two years, the assessees displaying great eagerness to obtain the extracts from the record-of-rights for the small sums assessed on their holdings. Occupiers paid 99·98 per cent. of the demand against them without compulsion. Recourse to the certificate procedure was found necessary only in respect of 4 per cent. of the total demand, and this was almost entirely confined to landlords.

Miscellaneous questions.

12. The Settlement Officer believes that the general feeling is that the record-of-rights prepared at such trouble and expense should be maintained, and he himself is of opinion that if landlords are to be prevented from nullifying the record, it should be revised at an early date and thereafter kept up by periodical revision at shorter or longer intervals. The final decision of the question of revision and maintenance of settlement records generally must await the result of the experiment now being made in Orissa. The attention of the Board of Revenue is invited to the remarks and suggestions made in the report and in the Director's review

on the points mentioned below. Such of them as cannot be disposed of by the Board should be submitted to Government with their recommendations.

The Director's remarks in paragraphs 5 to 7 of his letter, made with reference to paragraphs 7 and 8 of the Settlement Officer's report, relating to embankments, will be considered in the Irrigation Department.

13. In conclusion the Lieutenant-Governor desires to place on record his high appreciation of the services of Messrs. Kerr and Coupland, as Settlement Officers and of Messrs. Lister, Gourlay and Monahan as Assistant Settlement Officers in-charge. His Honour's thanks are also due to Major Crichton, who as Superintendent of Provincial Surveys rendered great assistance in all matters connected with the survey and initial record-writing, and to Mr. P. C. Lyon, Sir Charles Allen and Mr. S. L. Maddox, who as Director of Land Records, successively controlled the operations and contributed to their success. The Settlement Officer has specially mentioned many of the Assistant Settlement Officers, especially Pandit Rama Ballabh Misra, who deserves His Honour's acknowledgments and whose excellent services will be noted.

FINAL FORECAST OF THE LATE VARIETY OF THE SESAMUM (*TIL*) CROPS OF BENGAL FOR THE YEAR 1908-09.

THE following note is published for general information.

F. W. DUKE,
Offg. Chief Secy. to the Govt. of Bengal.

The 14th January 1909.

DEPARTMENT OF AGRICULTURE, BENGAL.

FINAL FORECAST OF THE LATE VARIETY OF THE SESAMUM (TIL) CROP OF BENGAL FOR THE YEAR 1908-09.

(On an average of the five years ending 1906-07, the area under *til* in the territory to which this forecast relates has represented some 5·9 per cent. of the total area under this crop in British India.)

Character of the season.—The crop is most important in Sambalpur where more than half of the area under the crop in the Province is cultivated. In this district, the outturn has been somewhat affected by want of rain in October. The less important growing districts are Midnapore, Jessore, Khulna, Gaya, Champaran, the Sonthal Parganas, Palamau and Singhbhum. Prospects of the crop are fair in these districts except in Jessore and in parts of the Sonthal Parganas where the crop has suffered from drought. The season, although much better than that of last year, has not been very favourable.

Area cultivated.—The total area under the crop for the current year is returned as 147,700 acres against 138,500 acres which were returned last year. The total normal area is estimated at 213,300 acres.

Outturn.—In Sambalpur and in Palamau the crop is reported to be 75 per cent. of the normal. In Singhbhum and Khulna a normal crop is expected. The outturn in Nadia is 77 per cent., in Midnapore 70 per cent., in the Sonthal Parganas 44 per cent., and in Jessore 35 per cent.

The total outturn for the Province from reports now received from District Officers amounts to 73 per cent. of

the normal against 86 per cent. estimated in the first forecast issued in October last. Last year's outturn was 41 per cent.

Taking 4½ maunds per acre to be the normal rate of outturn of the crop, the gross yield for the Province works out to 16,800 tons against 8,900 tons the estimate made last year.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR DECEMBER 1908.

Character of the Rainfall.—There was no rain during the month excepting some few scattered showers in Gaya, Shahabad, Darbhanga, Bhagalpur, Purnea, and Palamau.

II. *Progress of Agricultural Operations.*—Harvesting of winter rice was in progress and the pressing of sugarcane continued in Bihar, Orissa and Chota Nagpur. Sowings of the important *rabi* crops were finished during the month. Reaping of early oilseeds and pulses have already commenced in Nadia, Bhagalpur, Sambalpur, Hazaribagh and Ranchi. The cold weather crops were irrigated from river, canal and well water where available.

III. *State of Standing Crops.*—Crops were in urgent need of rain, especially in Bihar and they suffered in North Bihar, in Khulna and the Sonthal Parganas for want of moisture for their growth. Cold weather vegetables are in good condition.

IV. *Prospects and probable outturn of the harvests.*—Owing to the absence of rain since the second week of October, the *rabi* crops were affected in the unirrigated tracts, especially in North Bihar. Good rainfall if now received will be beneficial for the standing crops.

V. *Damage to crops.*—Insect-pests did damage to standing crops in Patna and Bhagalpur.

VI. *Condition of Agricultural stock.*—Anthrax has been reported from Purnea and, ordinary cattle-diseases have prevailed in Burdwan, Bankura, Midnapore, Nadia, Gaya Muzaffarpur, Darbhanga, Monghyr, the Sonthal Parganas, Puri, Sambalpur, Ranchi, Palamau and Manbhum.

The condition of cattle has been otherwise good.

VII. *Failure of pasturage and fodder.*—The fodder supply was sufficient except in parts of the Sonthal Parganas. The water-supply has been getting deficient in parts of Shahabad, Muzaffarpur, Darbhanga and Purnea.

VIII. *Prices of food-grains.*—The prices of staple food-grains are still high. In common rice there was a marked depression in some districts.

IX. *Condition of the labouring and agricultural population.*—Prospects continued generally favourable except in parts of the Presidency Division and of North Bihar, where the agricultural situation was rather unfavourable and the condition of the poorer classes was affected from scarcity of work and high prices of food-grains. Gratuitous relief continued in Cuttack, Balasore, Puri and the number on test works and gratuitous relief has considerably increased in Darbhanga.

THE MONSOON OF 1908.

THE following report is published for general information.

F. W. DUKE,
Offg. Chief Secy. to the Govt. of Bengal.

The 18th January 1909.

RAINFALL SUMMARY FOR THE MONSOON PERIOD OF 1908.

INFORMATION about the rainfall measured during the South-West monsoon months in all parts of the Province is given below.

In the month of January there was heavy rain in all the divisions, Bihar excepted. South-West Bengal received 275 per cent. of the normal, Orissa 397 per cent., Chota Nagpur 118 per cent. and Bihar 83 per cent. In February, Bihar received 282 per cent., of the normal and Chota Nagpur 247 per cent. The fall in other divisions was below the normal.

In March and April the fall was deficient in all Divisions.

In May the rainfall was a little above the average in the districts of Burdwan, Bankura and Midnapore, in South-West Bengal, in Darjeeling, in Angul and in Ranchi.

The South-West monsoon set in in Bengal on the 17th and in Bihar and Chota Nagpur on the 20th. The normal date for the commencement of the monsoon rains is the 15th of June.

"The Bay current arrived at about the normal date, but was almost restricted in its activity to North-East India. (The weather summary for India for the month of June, 1908.")

Precipitation was very heavy in the districts of the Burdwan and Presidency Divisions. Burdwan received an average rainfall of 16·10 (normal 10·15), Hooghly 17·10 (normal 10·28), Howrah 23·07 (normal 10·93), the 24-Parganas 19·37 (normal 10·89), Calcutta 26·12 (normal 11·04), Nadia 20·17 (normal 10·00) and Jessore 17·07 (normal 11·69) inches. From the percentage table, it will be seen that South-West Bengal received 145 per cent., Bihar 52 per cent., Orissa 76 per cent., and Chota Nagpur 76 per cent. South-West Bengal was the only division which received an excess rainfall in June.

During July, strongly marked monsoon conditions prevailed over the Province. Rainfall was heavy in South-West Bengal and Orissa. It was below the normal in Bihar and Chota Nagpur. South-West Bengal received 123 per cent., Orissa 108 per cent., Bihar 59 per cent. and Chota Nagpur 87 per cent. of the normal rain.

During August, the total precipitation from the monsoon was more or less in defect in South-West Bengal and Bihar and in excess in Orissa and Chota Nagpur.

The departure from the normal was —1·70 inches in South-West Bengal, —5·54 inches in Bihar +7·04 inches in Orissa and +0·37 inches in Chota Nagpur. Expressed in percentage figures, South-West Bengal received 86 per cent., Bihar 53 per cent., Orissa 157 per cent. and Chota Nagpur 103 per cent.

In the month of September, the rainfall was deficient. It was below the average everywhere, Saran, Champaran and Puri excepted, where more than the normal fall was recorded. Saran received 127 per cent., Champaran 112 per cent. and Puri 113 per cent. of the normal fall. The deficiency was chiefly felt in the district of Purnea, where the fall was only 38 per cent. of the normal. In South-West Bengal, the fall was 73 per cent., in Bihar 62 per cent., in Orissa 80 per cent. and in Chota Nagpur 74 per cent. of the normal.

In October the rainfall was deficient in all the Divisions of the Province. South-West Bengal received 23 per cent., Bihar 34 per cent., Orissa 28 per cent. and Chota Nagpur 39 per cent. of the normal. The actual rainfall of

the first ten months of 1908 expressed in percentage figures was 94 per cent. in South-West Bengal, 58 per cent. in Bihar, 90 per cent. in Orissa and 85 per cent. in Chota Nagpur.

On the whole, the South-West monsoon rainfall of 1908 was ill-distributed, especially in Bihar.

Expressed as a percentage, South-West Bengal received during the whole period 99 per cent., Bihar 57 per cent., Orissa 93 per cent. and Chota Nagpur 85 per cent. Of the four divisions, South-West Bengal and Orissa received about their normal average.

35	FEUDATORY STATES, ORISSA.*	.....	.....	.....	Weather generally cold in almost all the States. Sugarcane being pressed in Pal Lahera, Khandpara, Daspalla, Keonjhar, Bonai, Boad, Dhenkanal, Patna, Nilgiri and Nayagarh. Harvesting of pulses and oilseeds in progress in Hindol, Mayurbhanj, Dhenkanal and Nilgiri. State of standing crops good in Daspalla, Boad and Talcher. Prospects of *rabi* crops not hopeful in Khandpara, Narsingpur, Athmallik and Nilgiri for want of rain. Fodder and water sufficient. Price of rice varying from 9 seers in Keonjhar and 12 seers in Nilgiri and Narsingpur to 17 seers in Talcher and 18 seers in Patna.

* The report is for the week ending the 9th January 1909.

GENERAL SUMMARY.—Some light showers fell in North Bihar and in Shahabad and Darjeeling. More rain is urgently wanted for the standing *rabi* crops. Pulses and early oilseeds are being harvested in Nadia, Jessore, Purnea and Cuttack. Sugarcane-pressing is going on in Bihar, Orissa and Chota Nagpur. The harvesting of the winter rice crop has nearly been completed, and its threshing continues. Lands are being prepared for planting of sugarcane in Gaya, Saran, Sambalpur and Palamau, and *Dalua* paddy is being transplanted in Orissa. The prospects of *rabi* crops are not favourable in North Bihar and in parts of Murshidabad, Khulna and the Sonthal Parganas owing to drought. The poorer classes in Purnea and Bhagalpur are in distress. Gratuitous relief has been started in Bhagalpur, and arrangements are being made to start relief in Purnea. The price of common rice has risen in Patna, Gaya, Muzaffarpur, Darjeeling, Puri and Hazaribagh, and has fallen in Murshidabad, Khulna and Ranchi. Cattle-disease is reported from Midnapore, Nadia, Patna, Gaya, Muzaffarpur, Darbhanga, Purnea, Puri, Sambalpur, Ranchi, Palamau, Manbhum and Singhbhum. The fodder-supply is sufficient, except in parts of the Sonthal Parganas. Scarcity of water is apprehended in parts of Muzaffarpur, Monghyr, Purnea and the Sonthal Parganas. The number of persons on test-works in Darbhanga was 22,663. Gratuitous relief was given to 1,145 persons in Balasore and Puri and to 2,366 persons in Darbhanga and Bhagalpur.

SUMMARY OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL AND IN EASTERN BENGAL AND ASSAM FOR THE MONTH OF OCTOBER 1908.

DURING the first two days of the first week of the month rain occurred at almost every station, but on the remaining days there was very little rain and that was reported chiefly from the coast districts. The cessation of rain was due mainly to the existence of a shallow depression which determined northerly winds at the head of the Bay. It moved towards the north-east angle passing inland near Cox's Bazar on the 9th, causing general rain in Assam and the south of Eastern Bengal. Elsewhere very little rain was recorded during the second week. During the remainder of the month a few falls of rain were recorded in Assam and one fall at Calcutta. In the Bay weather was generally unsettled from the 16th to the end of the month owing to the existence of a depression that formed in the Andaman sea and moved in a westerly direction towards the Coromandel coast passing inland near Pamban on the 23rd. Disturbed conditions persisted after the depression crossed the coast and it is probable that this depression was followed by another, which moved across the south of the Bay and passed inland with diminished intensity on the 25th. Weather continued squally and unsettled until the end of the month.

Summary of temperature.—The mean temperature for the month was approximately normal over the whole reporting area. The highest temperature (98·2) was reported from Bhagalpur and the lowest (53°) was reported from Daltonganj.

The following table gives the summary of the temperature of each of the seven meteorological divisions of the Provinces of Bengal and of Eastern Bengal and Assam for the month of October 1908:—

METEOROLOGICAL DIVISIONS.	TEMPERATURE.

* Purulia not included.

Summary of rainfall.—The rainfall work of the area under report has been handed over to the Director of Agriculture. A short table, however, is attached to this report, giving actual and normal rainfall recorded at the principal stations of each district.

Rainfall was in general defect throughout the two Provinces. The rainfall recorded locally at Cox's Bazar, Chittagong and Daltonganj was however in slight excess. The defect averaged 87 per cent. in Bihar, 78 per cent. in Bengal, 66 per cent. in Orissa and 64 per cent. in Chota Nagpur.

Actual and average rainfall and departure from normal for the month of October 1908.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

Δ, dew.

BOARD OF REVENUE, L. P., CALCUTTA, *the 23rd December 1908.*

No. 109B.

THE following rules made under the Bengal Excise and Licensing Act, 1878 (Bengal Act VII of 1878), and the Excise (Spirits) Act, 1863, for regulating the preparation and sale of denaturalised spirits in Bengal, having been approved by the Lieutenant-Governor, are published for general information. These rules supersede the rules published under the Board's Notification No. 2634B., dated the 14th December 1900, on pages 1419—1421, Part I of the *Calcutta Gazette* of the 19th idem, as modified by their subsequent Notifications No. 2321B., dated the 2nd September 1901, and No. 3004B., dated the 27th November 1902.

2. The new rules shall take effect from the 1st February 1909.

By order of the Board of Revenue, L. P.,

SRIGOPAL BHATTACHARJI,

Secretary.

CALCUTTA,

The 25th January 1909.

Spirit rendered effectually and permanently unfit for human consumption, generally known as denaturalised spirit, and, when denaturalised with wood naphtha, as methylated spirit.

Application for license where to be made.

1. An application for a license to remove spirit, rendered effectually and permanently unfit for human consumption, on payment of an *ad valorem* duty of 5 per cent., must be made to the Collector of the District, or to the Superintendent of Excise Revenue, Calcutta, if the spirit is to be taken from a distillery within 20 miles of Calcutta, or from the Excise warehouse *situated in the compound of* the Custom House, or is to be used in his jurisdiction.

Valuation of such spirit.

2. For the purpose of fixing the amount of duty to be levied on such spirit, its market value shall be fixed by the Collector, or the Superintendent of Excise Revenue, subject to revision by the Commissioner of Excise.

Use of such spirit within distillery.

3. The Collector, or the Superintendent of Excise Revenue, may authorise the use of spirit, rendered effectually and permanently unfit for human consumption, within the walls of the licensed distillery in which it was manufactured, after payment of the reduced duty of 5 per cent. *ad valorem*. In this case, the use of the spirit shall be under the supervision of the same excise establishment as the manufacturing operations of the distillery.

Issue of license for removal of such spirit

4. The Collector, or the Superintendent of Excise Revenue, on sanctioning the removal of spirit on an application made under rule 1, shall issue a license in Form No. 12, authorising a person to remove spirit rendered effectually and permanently unfit for human consumption, under the following rules, from a distillery *or from the Excise warehouse situated in the compound of the Custom House*, on payment of the reduced duty of 5 per cent. *ad valorem*.

Ingredients to be used for admixture

5. Country spirit may be rendered effectually and permanently unfit for human consumption, so as to bear the reduced rate of duty, by the admixture of caoutchoucine or of *crude* wood naphtha and mineral naphtha.

Ingredients to be procured by the person wishing to remove the spirit or his agent.

6. The ingredient or ingredients shall be procured by the person wishing to remove the spirit or his agent at his own expense, and the admixture shall be made only at such time and place and in the presence of such officer or officers as the Collector or the Superintendent of Excise may direct. Before admixture, the ingredient or ingredients shall be lodged at the licensed distillery or Excise warehouse or any other suitable place to be approved by the Collector or the Superintendent of Excise Revenue, who shall cause them to be tested by the Chemical Examiner to Government. Without the certificate of the Chemical Examiner that an ingredient is of the proper strength and fitted, if used in the proportion mentioned in rules 7 and 8, to effectually and permanently render unpalatable and unfit for human consumption the spirit with which it is mixed, no ingredient shall be approved for admixture, and, if admixed without approval, the liquor shall not be admitted to the reduced rate of duty.

7. When the ingredient is caoutchoucine, it shall be mixed in the proportion of one part by volume of the caoutchoucine to 99 parts by volume of the spirit, and this spirit shall not be of less strength than 30 per cent. over-proof. When the admixture is completed, the liquor shall be tested by drawing a sample of about half an ounce from each cask or drum, and adding to each sample separately three or four times that quantity of water. If the mixture becomes turbid and milky, the liquor shall be admitted to the reduced rate of duty. In case of dispute as to whether the liquid has become turbid and milky, the decision of the Collector or the Superintendent of Excise Revenue shall be final.

Proportion of caoutchoucine to be mixed with spirit.

8. When the ingredients are *crude* wood naphtha and mineral naphtha, the *crude* wood naphtha shall be mixed with the spirit, *which shall not be of less strength than 30 per cent. over-proof*, in the proportion of one part by volume of the naphtha to nine parts by volume of the spirit, and to this mixture shall be added three-eighths per cent. of mineral naphtha of specific gravity not less than ·800.

Proportion of *crude* wood naphtha and mineral naphtha to be mixed with spirit.

9. When the spirit is alleged to have been rendered effectually and permanently unfit for human consumption by the admixture of *crude* wood naphtha and mineral naphtha, such number of samples as the Collector or the Superintendent of Excise Revenue may direct shall be sent to the Chemical Examiner to Government for examination and report at the expense of the person wishing to remove the spirit:

Samples to be sent to the Chemical Examiner for examination and report.

Provided that—

(*a*) if the consignment contains casks of not less than 50 gallons each, the person wishing to remove the spirit may demand that not less than one sample shall be sent from each such cask;

(*b*) if the consignment contains casks or drums of less than 50 gallons each, the person wishing to remove the spirit may, and shall, if so ordered by the Collector or the Superintendent of Excise Revenue, before admixture of the denaturalising ingredients, pour the contents of two or more such casks at the licensed distillery or Excise warehouse into one or more casks of not less than 50 gallons capacity; and, when this is done, the spirit shall be treated, for the purpose of testing and for the levy of expenses under rules 11 and 12, as if originally stored in such larger casks.

10. After considering the Chemical Examiner's report and other circumstances, if any, bearing upon the case, the Collector or the Superintendent of Excise Revenue shall decide whether the said spirit shall be allowed removal or not at the reduced *rate of* duty. Should any of the samples examined by the Chemical Examiner be reported by him as not rendered effectually and permanently unfit for human consumption, the claim in respect of the whole of the spirit represented by the sample shall be rejected, and the spirit shall either be dealt with in all respects as spirits chargeable with *the* ordinary rate of duty, or, if the person removing the spirit so desire, be further treated under rule 8 for the purpose of rendering it effectually and permanently unfit for human consumption.

Removal of spirit at reduced rate of duty when to be allowed.

11. The following fees shall be paid for chemical analysis:—

Fees for chemical analysis.

A fee shall be paid at the rate of Rs. 2 for each sample sent for analysis.

An additional fee of Re. 1 for each set of samples sent shall be paid to cover the cost of taking and sending samples from the licensed distillery or Excise warehouse to the Chemical Examiner.

12. Any expense which may be incurred by the Collector, or the Superintendent of Excise Revenue, in rendering spirit unfit for human consumption, or in ascertaining that it has been so rendered, shall be paid, by the person wishing to remove the spirit, before the removal of the spirit is allowed.

Expenses to be borne by the person removing the spirit.

13. The Collector or the Superintendent of Excise Revenue may also admit specially, at the reduced rate of duty, spirit in small quantities which has been methylated with *crude* wood naphtha only of the quality approved by the Chemical Examiner, if he be satisfied that it is required for a purpose for which the mineralised denaturalised spirit is not suited, and that it will be used after admission in such a way that there will be no danger of its passing into consumption as potable spirit.

Spirit methylated with *crude* wood naphtha only may be admitted in special cases.

14 Spirit imported by sea, rendered effectually and permanently unfit for human consumption, will be dealt with by the Collector of Sea Customs. Spirit manufactured in any other Province and imported into Bengal, shall pay full duty, unless the Chemical Examiner to Government has certified, on a sample sent to him, that the spirit has been rendered effectually and permanently unfit for human consumption, in accordance with rules 7 and 8 above, or in some other equally efficacious manner.

Certificate of Chemical Examiner necessary in case of imported denaturalised spirit.

15. A license in Form No. 13 is required for the sale of spirit rendered effectually and permanently unfit for human consumption. Such license shall be granted free of cost by the Collector of the District, or the Superintendent of Excise Revenue.

NOTICE.

THE next annual stock-taking of the Indian Law Reports kept at the Bengal Secretariat Book Depôt will commence on the 1st April, 1909. The public are hereby informed that all issues of the said Reports from the said Depôt to subscribers and officials will be suspended during that month.

F. G. WIGLEY,

Secy. to the Bengal Council,
and Asst. Secy. to the Govt. of Bengal,
Legislative Dept.

LEGISLATIVE DEPT.;
BOOK DEPÔT BRANCH,
The 28th December, 1908.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

GENERAL SUMMARY.—Some rain fell in the Presidency, Patna and Chota Nagpur Divisions and also in Birbhum, Saran, Champaran and the Sonthal Parganas. The standing *rabi* crops have been benefited and prospects have improved in these districts. But the crops are still suffering for want of moisture in North Bihar and in Jessore and Khulna. Early oilseeds and pulses are being harvested in Nadia, Darjeeling, Purnea, Cuttack, Balasore and Angul. Sugarcane pressing is in progress in Bihar, Orissa and Chota Nagpur. Preparation of lands for the next season's crops is going on in Nadia, Saran, Purnea, Sambalpur, Ranchi and Palamau. Famine has been declared in portions of the Darbhanga district. The price of common rice has risen in Hooghly and Singhbhum and has fallen in Burdwan, Bankura, Midnapore, the 24-Parganas, Gaya, Muzaffarpur, Purnea, Angul and Hazaribagh. Cattle-disease is reported from Midnapore, Nadia, Gaya, Shahabad, Muzaffarpur, Darbhanga, Monghyr, Purnea, Angul, Sambalpur and from Chota Nagpur, Singhbhum excepted. Fodder is insufficient in parts of Monghyr, Purnea and the Sonthal Parganas. The water-supply is running short in parts of Muzaffarpur, Monghyr, Purnea and the Sonthal Parganas. The number of persons on test-works in Darbhanga and Bhagalpur was 28,949. Gratuitous relief was given to 1,896 persons in Darbhanga and Bhagalpur and to 1,018 persons in Balasore and Puri.

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

◑, dew; ≡ fog.
